Revolt Smashed, 16 Hostages Rescued As National Guardsmen Storm Prison

Succeeds Cancer-Stricken Dulles

President Appoints Herter As New Secretary Of State

AUGUSTA, Ga. (AP)—Christian A. Herter today was named by President Eisenhower to be the new secretary of state.

The President personally announced his choice with Herter, undersecretary since 1957, standing at his side at a news conference.

Herter is being elevated to the Cabinet to succeed cancer-stricken John Foster Dulles, who resigned last Wednesday.

The President announced his intention to send Herter's nomination to the Senate next week. Swift confirmation has been predicted.

Herter was asked whether he plans any change in U.S. foreign policy. He replied with a smile he does not want to get into that matter until he has been confirmed.

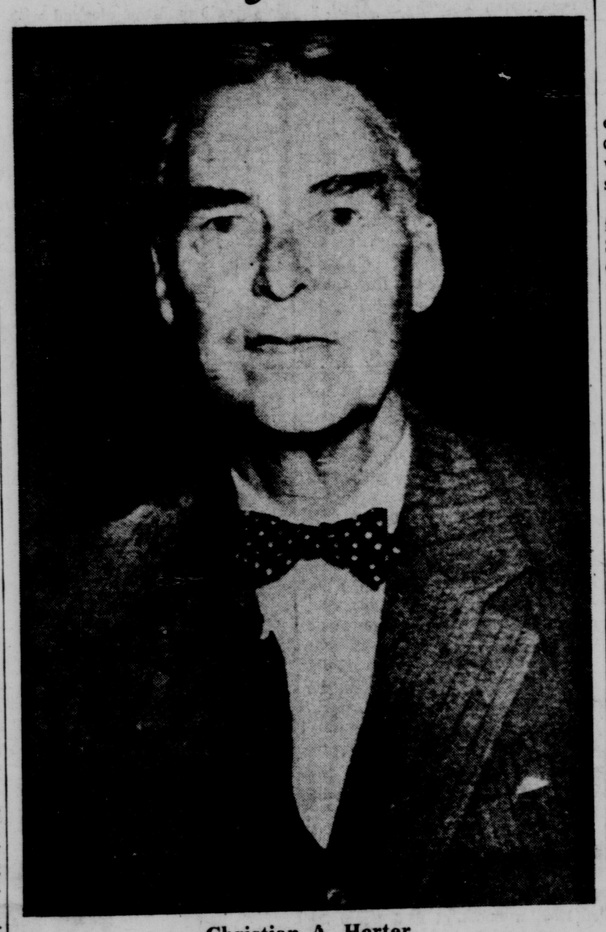

The new secretary, 64, also declined to speculate on who will succeed him as undersecretary.

He added, however, that he believes it is "a reasonable assumption that the same team will carry on."

Herter formally announced that at Eisenhower's personal request, put to him last Monday, he had undergone a complete physical checkup at Johns Hopkins University Hospital at Baltimore, Md.

Herter said he had not been informed yet regarding the results, but White House Press Secretary James C. Hagerty chimed in that the medical results were satisfactory in every way.

City Driver Jailed In Death Of Newell District Father Of 8

A 44-year-old Newell area father of 8 died in City Hospital Friday night from injuries received when struck by a sports car a short time before on Route 66.

Hancock County's first traffic fatality for 1959 was Howard Strum, struck by a Corvette operated by an East Liverpool man while walking home from the afternoon shift at the Globe Brick Co. plant at Newell.

Deputies at New Cumberland are holding William Swoger, 22, of 1432 Dresden Ave., on an open charge for further investigation. Deputies said Swoger was the driver of the auto, which is owned by another person.

Mr. Strum died at 11:35 in the hospital emergency room, about 5 minutes after his arrival by ambulance. He suffered a compound fracture of the right leg, complete fracture of the left leg, multiple abrasions about the head, cheeks, forehead and chin. One of his legs was severed by the impact, authorities said.

The victim was returning to his Congo area home after completing the shift at 11 p. m. He was a kiln helper at the brick plant.

A six-member coroner's jury was impaneled this morning by Squire John D. Herron of New Cumberland. The jury visited the scene of the accident and viewed the auto and the victim's body this morning.

An inquest will be held Monday night at 7:30 in Squire Herron's office. The panel includes James Carson, James Fisher, Gerald Rainey, Benny Parr, Theodore Turley and Clifford Prosser.

Mr. Strum was born in Crewe, Va., and has resided in the area for 35 years. He was a member of Local Union 647.

HOSTAGE SHOWS TENSION. Unidentified Montana State Prison guard, who was held hostage by rioting convicts, shows tension as he describes his release by National Guard troops early today. (UPI Telephoto)

Two Convict Ringleaders Shoot Selves

2 Guardsmen Hurt; Battle Marks End Of Montana Uprising

DEER LODGE, Mont. (AP) — Fifty heavily armed National Guardsmen stormed the Montana State Prison under cover of bazooka, machinegun, and rifle fire early today to smash a rebellion and rescue 16 hostage guards.

The revolt ended when two convict ringleaders, cornered in the prison's northwest tower, committed suicide.

Three other die-hard inmates who holed up with their ringleaders surrendered to the helmeted troops who surged into the compound. Their surrender marked an end to the furious pitched battle.

Two National Guardsmen were wounded. Lt. Francis Pulliam of Missoula, Mont., was shot in the right hip and the right leg. His condition was not serious. The other guardsman was wounded but did not require hospitalization.

Warden Floyd Powell said Jerry Myles, about 50, and Lee Smart, 19, had placed the muzzles of their rifles to their heads and pulled the triggers. Myles was a burglar with a long criminal record. Smart was convicted of murdering a Colorado salesman.

They and three others had retreated to the northwest tower when the guardsmen made their spectacular assault at 3:45 a.m.

Guardsmen called on them to surrender. Three convicts came out with their hands up. The troops again called on Myles and Smart to surrender. When they got no response, they fired a bazooka shot at the tower.

The bodies of the two holdout convicts were found when the guardsmen moved into the smoking ruins.

The troops poured a withering barrage of fire into the cellblocks where the convicts centered their resistance earlier. There was a spattering of return fire which quickly ended.

Floodlights came on. The 36-hour rebellion was over.

In its wake, the prison's deputy warden was dead. He was shot to death when the convicts seized control at the dinner hour Thursday. A guard was stabbed and later freed.

Fifteen of the guards held hostage appeared in good condition.

The 16th guard, identified only as Backman, was struck in the face by a rifle butt.

Held with them during the rebellion were five convicts described as "stool pigeons" because they had informed prison officials on their fellow convicts. Their fate was not determined.

Four bazooka shots were fired. Their booming explosions rocked the entire area in the early morning darkness.

The bazookas, normally an anti-tank weapon in warfare, shelled a gaping hole in the south wall of the north cellblock where the hostages were held.

National Guardsmen stormed into the compound and quickly took control of the scene. Floodlights bathed the area as the sporadic firing waned and died. Clouds of tear gas climbed into the crisp air.

Guard Laurence Cozzens, one of the hostages, said they were concerned by convict threats to douse them with naphtha and turn them into human torches in the event an armed assault was attempted.

"We heard the convicts yell 'They're coming in'" he said. "We got mattresses and held them up to the bars of the cells to keep them from throwing in the naphtha. We heard the bazooka shots, then some running.

"We were still holding up the mattresses when we saw a National Guardsman. He told us to get them out of the way. He opened the cell, and we left on the dead run. We ran through the main cellblock and out through the woman's quarters."

Another guard, David Hinton, 28, said: "I knew I wouldn't get out. I didn't sleep a wink last night, but sometime tonight I dozed off. I woke up at the sound of the shooting."

Steel Industry Draws Fire Of Union's Chief

Blasts Firms For Blaming Inflation On Steelworkers

CANTON, Ohio (AP)—The president of the United Steelworkers Union attacked the steel industry Friday night for blaming inflation on steelworkers' wages.

"It breaks my heart," said David J. McDonald, "to see men drawing salaries of $200,000 to $390,000 a year blaming steelworkers making $4,000 a year for inflation."

Speaking before a union banquet attended by some 500 persons, the USW chief said "The United States Steel Corp. should be ashamed of itself for how much money it has made."

He suggested an investigation of what he said were steel industry stock option plans and hunting and fishing lodges maintained by steel company earnings.

"I know one man who can pick up 40,000 shares at $16 and sell them for $96 any time he wishes," McDonald said.

Investigators, he added, "might take a look at the great shooting preserves in the south and the fishing and hunting lodges in Canada that are paid for by company earnings."

McDonald, whose union will start contract negotiations with the steel industry in the next few months, said he didn't know whether there would be a strike. If there is one, he added, "the American steel industry will be responsible and not the united steelworkers."

DiSalle To Use All Legal Ends In Crackdown

COLUMBUS, Ohio (AP) — To carry out his avowed crackdown on gambling and vice in Ohio, Gov. Michael V. DiSalle says he's going to use every legal facet at his command.

He told his cabinet Friday he will use liquor, health, padlock and fire protection laws to make the crackdown effective.

He said he wants to marshal all available state investigators to find and close gambling and other vice spots.

The governor appointed a committee to look into the legal aspects of such enforcement. He asked them to look into the possibility of the state refusing to distribute liquor permit fees to local governments where violations continue unchecked.

The cabinet meeting was held at Ohio Wesleyan University in Delaware, the alternate seat of government during Friday's Civil Defense test.

DiSalle expressed hope that pending tax increase measures would clear the Ohio House by next week. A proposed sales tax boost is currently being debated by the Senate Taxation Committee.

Daylight Saving Time Switch Is Week Away

Don't look now but DST is "just around the corner." A week away, as a matter of fact.

Residents of the Tri-State area will be turning their clocks ahead an hour Sunday, April 26, to switch to the fast summer time for more daylight.

There will be little commotion about the change this month. The confusing period starts Sept. 27—some communities will then go back to Eastern Standard Time, others will stay on DST until Oct. 25.

Farmer Slain, Wife's Beaten By Fugitive

Signed Statement Obtained 8 Hours Following Crime

ELYRIA, Ohio (AP) — Within eight hours after a 79-year-old farmer was beaten to death at his home 10 miles southeast of here early today, sheriff's deputies obtained a signed statement from a prison farm fugitive admitting the crime.

Bludgeoned to death with a piece of steel was Faber Mandeville, 79. His wife, Victoria, 72, was in serious condition at Clyria Memorial Hospital with a broken nose and other head injuries from either a beating or a fall.

Alfred Sanders, 25, of Cleveland, who fled from Grafton State Prison Farm Thursday afternoon, signed a statement admitting that he killed Mandeville, Deputy Sheriff Michael Ondreyco said.

Lorain County deputies questioned Sanders for more than four hours before obtaining the statement. The fugitive was picked up by State Highway Patrolmen from the Medina post shortly after the body of Mandeville was found in the bedroom of his farmhouse. When he was arrested, Sanders was walking along Ohio 303 near Brunswick.

Ondreyco said Sanders told deputies he went to the Mandeville farm intending to steal their car. The signed statement gave this account:

Sanders waited in the barn from 10 p. m. until after midnight for the Mandevilles and their grandson, Mark Spurlock, 14, to go to bed. Then he tried to steal their automobile but couldn't get it started. Arming himself with a piece of steel he picked up in the barn, Sanders entered the house and demanded the car keys from the aged man. There was a scuffle, and he beat Mandeville and took his wallet with $11.

The fighting awakened Mrs. Mandeville, but Sanders denied he inflicted her injuries. He said she got them in a fall.

Mahoning Motorist Cited In Car Wreck

A Youngstown motorist was cited for driving left of center in the lone mishap investigated Friday by the Lisbon State Highway Patrol.

Fire At Wellsville Damages Supply Firm

Fire caused heavy damage to one section of the Miller Builders Supply Co., 1739 Commerce St., Wellsville, just before noon.

The fire, concentrated in a side section which houses some lumber, was reported at 11 a. m. Wellsville firemen reported they had it under control about 45 minutes later.

Residents of the neighborhood said heavy smoke poured out and that all the windows in the building were broken. Some were blown out by the heat and firemen broke others to reach the blaze with water.

Damages was estimated at several thousand dollars, according to Miller, who commended the firemen for their work in keeping the fire from spreading. The blaze was concentrated in a 50-x-100-foot cement block building.

The lumber firm is owned by A. A. Miller of Wellsville R. D. 1.

District Man Arrested For Causing Fire

Another Blaze Near Yellow Creek Now Held Under Control

Hearing for a Wellsville area man was held Friday by County Judge James MacDonald at Lisbon on a charge of "leaving a fire Wednesday, before it was safely covered and extinguished," which a fire warden said led to a brush fire yesterday morning.

Howard Kevan, 1060 Township Line Rd., was cited by District Fire Warden Robert McIntosh after the blaze burned over two-tenths of an acre near the Kevan home.

Fast spotting of the blaze by the Beaver Creek Fire Tower enabled McIntosh to quickly extinguish the fire, he said.

The warden explained he was on a fire patrol and was within a mile of the site when the tower spotted the smoke. He said Kevan burned a pile of rubbish early Wednesday night but did not put the blaze completely out and hot ashes started the brush fire yesterday morning.

Meanwhile, the huge brush fire at the head of Block House Hollow in back of Yellow Creek, continued to smoulder today although it is considered now under control.

McIntosh estimated that the fire had covered an estimated 60 acres in 3 days.

Most of the burned - over property is owned by Mrs. Mabel Boyd, but she does not live on it. Wednesday night, the flames were clearly visible from points of higher ground in nearby Jefferson County but the fire was burning only in spots today.

A house and barn on a farm occupied by a Gorby family, was endangered but a bulldozer was used to dig a fire line around the buildings to keep the flames away, McIntosh said.

McIntosh cited Sheriff Russell Van Fossan and his deputies for their co - operation in fighting the Block House Hollow fire Thursday. Deputy Robert Beresford went to the scene with a cruiser and a communications relay was established so a forestry division airplane could contact the firefighters.

Authorities believe the fire was started deliberately and are continuing an investigation.

PITTSBURGH (AP) — Fire swept the Papercraft Corp. plant in Pittsburgh's East Liberty section late Friday afternoon, causing damage estimated at $100,000.

Dual Slayer's Appeal Aired For New Trial

Oral arguments for a new trial for Arthur G. Schuck of Economy, convicted slayer of two men, were heard Friday before Judges Morgan Sohn and Frank Reed at Beaver County Court.

Atty. John Snee of Pittsburgh, who entered the case as an additional attorney for Schuck sometime ago, amended the petition for a new trial on the basis of what he termed additional evidence from a new witness.

He said he had advertised in newspapers for anyone who knew something about Schuck's whereabouts preceding the shooting. He said he had received a statement from Marshall L. Dickey through a Post Gazette ad.

Schuck, an electrician, was convicted in September for the murder of Vincent Quigley, 34, of Economy and William Engel, 44, of Ambridge.

Snee also said that the court had been mistaken in rulings relating to the testimony of Dr. Frank Bontempo, who testified during the trial about the ability of Miss Angeline Pugliano to see after the shooting. She identified Schuck as the slayer during the trial. Glass from the blasted windshield entered her eyes.

Assistant District Atty. Joseph Walko, who conducted the prosecution, said that Dr. Bontempo was a professional witness called by the state to clarify any questions the jury might have had concerning Miss Pugliano's eye injuries.

Ware Strike Continues With No Parley Slated

A general pottery strike entered its fourth day today with no indications that a break is near.

Spokesmen for the U. S. Potters Association and the International Brotherhood of Operative Potters said there has been no change in the past 24 hours.

Picketing continued today against five district potteries and an IBOP spokesman said the union is "very pleased" with the response of volunteer pickets.

"They all seem to want to do their share," the spokesman said. The Union said Friday workers had to sign for picket duty to qualify for strike benefits.

The payroll boost brought an even larger increase in sales tax receipts, barometer of retail sales. The tax collections hit $58,383 in March, an increase of 38.3 per cent over the $42,208 shown in February. They total $145,977 for the first quarter of 1959, a gain of 23.4 per cent over the $118,260 shown at the same time in 1958.

A big jump in sale of new and used cars reflected increased earnings and the arrival of spring.

Bludgeoned to death with a piece of steel was Faber Mandeville, 79. His wife, Victoria, 72, was in serious condition at Clyria Memorial Hospital with a broken nose and other head injuries from either a beating or a fall.

Alfred Sanders, 25, of Cleveland, who fled from Grafton State Prison Farm Thursday afternoon, signed a statement admitting that he killed Mandeville, Deputy Sheriff Michael Ondreyco said.

Lorain County deputies questioned Sanders for more than four hours before obtaining the statement. The fugitive was picked up by State Highway Patrolmen from the Medina post shortly after the body of Mandeville was found in the bedroom of his farmhouse. When he was arrested, Sanders was walking along Ohio 303 near Brunswick.

Ondreyco said Sanders told deputies he went to the Mandeville farm intending to steal their car. The signed statement gave this account:

Sanders waited in the barn from 10 p. m. until after midnight for the Mandevilles and their grandson, Mark Spurlock, 14, to go to bed. Then he tried to steal their automobile but couldn't get it started. Arming himself with a piece of steel he picked up in the barn, Sanders entered the house and demanded the car keys from the aged man. There was a scuffle, and he beat Mandeville and took his wallet with $11.

The fighting awakened Mrs. Mandeville, but Sanders denied he inflicted her injuries. He said she got them in a fall.

Fire At Wellsville Damages Supply Firm

Fire caused heavy damage to one section of the Miller Builders Supply Co., 1739 Commerce St., Wellsville, just before noon.

The fire, concentrated in a side section which houses some lumber, was reported at 11 a. m. Wellsville firemen reported they had it under control about 45 minutes later.

Residents of the neighborhood said heavy smoke poured out and that all the windows in the building were broken. Some were blown out by the heat and firemen broke others to reach the blaze with water.

Damages was estimated at several thousand dollars, according to Miller, who commended the firemen for their work in keeping the fire from spreading. The blaze was concentrated in a 50-x-100-foot cement block building.

The lumber firm is owned by A. A. Miller of Wellsville R. D. 1.

District Man Arrested For Causing Fire

Another Blaze Near Yellow Creek Now Held Under Control

Hearing for a Wellsville area man was held Friday by County Judge James MacDonald at Lisbon on a charge of "leaving a fire Wednesday, before it was safely covered and extinguished," which a fire warden said led to a brush fire yesterday morning.

Howard Kevan, 1060 Township Line Rd., was cited by District Fire Warden Robert McIntosh after the blaze burned over two-tenths of an acre near the Kevan home.

Fast spotting of the blaze by the Beaver Creek Fire Tower enabled McIntosh to quickly extinguish the fire, he said.

The warden explained he was on a fire patrol and was within a mile of the site when the tower spotted the smoke. He said Kevan burned a pile of rubbish early Wednesday night but did not put the blaze completely out and hot ashes started the brush fire yesterday morning.

Meanwhile, the huge brush fire at the head of Block House Hollow in back of Yellow Creek, continued to smoulder today although it is considered now under control.

McIntosh estimated that the fire had covered an estimated 60 acres in 3 days.

Most of the burned - over property is owned by Mrs. Mabel Boyd, but she does not live on it. Wednesday night, the flames were clearly visible from points of higher ground in nearby Jefferson County but the fire was burning only in spots today.

A house and barn on a farm occupied by a Gorby family, was endangered but a bulldozer was used to dig a fire line around the buildings to keep the flames away, McIntosh said.

McIntosh cited Sheriff Russell Van Fossan and his deputies for their co - operation in fighting the Block House Hollow fire Thursday. Deputy Robert Beresford went to the scene with a cruiser and a communications relay was established so a forestry division airplane could contact the firefighters.

Authorities believe the fire was started deliberately and are continuing an investigation.

Dual Slayer's Appeal Aired For New Trial

Oral arguments for a new trial for Arthur G. Schuck of Economy convicted slayer of two men, were heard Friday before Judges Morgan Sohn and Frank Reed at Beaver County Court.

Atty. John Snee of Pittsburgh, who entered the case as an additional attorney for Schuck sometime ago, amended the petition for a new trial on the basis of what he termed additional evidence from a new witness.

He said he had advertised in newspapers for anyone who knew something about Schuck's whereabouts preceding the shooting. He said he had received a statement from Marshall L. Dickey through a Post Gazette ad.

Schuck, an electrician, was convicted in September for the murder of Vincent Quigley, 34, of Economy and William Engel, 44, of Ambridge.

Snee also said that the court had been mistaken in rulings relating to the testimony of Dr. Frank Bontempo, who testified during the trial about the ability of Miss Angeline Pugliano to see after the shooting. She identified Schuck as the slayer during the trial. Glass from the blasted windshield entered her eyes.

Assistant District Atty. Joseph Walko, who conducted the prosecution, said that Dr. Bontempo was a professional witness called by the state to clarify any questions the jury might have had concerning Miss Pugliano's eye injuries.

Ware Strike Continues With No Parley Slated

Picketing continued today against five district potteries and an IBOP spokesman said the union is "very pleased" with the response of volunteer pickets.

"They all seem to want to do their share," the spokesman said. The Union said Friday workers had to sign for picket duty to qualify for strike benefits.

11 Plants Disburse $1,193,156, Boost Of Over 20 Per Cent

Showing the biggest gain in months, payrolls at 11 East Liverpool district factories hit $1,193,156 in March — a boost of $202,887 or 20.5 per cent compared with February's $990,269 payroll.

The big gain was reported today in the monthly summary of conditions issued by the Chamber of Commerce. It showed the same plants employed 4,257 in March, an increase of 1 per cent over the February total of 4,214.

Payrolls at the 11 plants totaled $3,269,215 for the first quarter of 1959, down 6.1 per cent from the $3,480,355 registered in the first three months of 1958, the report added. Employment averaged 4,220 monthly in the first quarter, down 3.8 per cent from the 4,387 shown at the same time in 1958.

The payroll boost brought an even larger increase in sales tax receipts, barometer of retail sales. The tax collections hit $58,383 in March, an increase of 38.3 per cent over the $42,208 shown in February. They total $145,977 for the first quarter of 1959, a gain of 23.4 per cent over the $118,260 shown at the same time in 1958.

A big jump in sale of new and used cars reflected increased earnings and the arrival of spring.

Tests Waited For City Jobs

The Municipal Civil Service Commission will conduct three tests next week to establish eligibility lists for the fire department and water department after receiving 14 applications for the three jobs before the deadline Friday.

The commission will conduct tests for assistant maintenance man and utility supplyman in the water department Monday at 7:30 p. m. in the municipal courtroom.

Nine applications were submitted for assistant maintenance man and three for utility supplyman.

The commission will make up an eligiblity list for two appointments as assistant maintenance man to fill jobs held at present by provisional appointees.

There is no vacancy for the other post but the commission will make up a new eligibility list.

Two men will take a test Wednesday night at 7:30 in Council chambers for the fire department.

The new exam was scheduled because the present eligibility list contains the name of only one man, the commission said. It conducted an examination several weeks ago with only one of two receiving a passing grade.

Fireman William Raney has submitted his resignation from the department effective May 1, after 25 years' service.

Ohioan Unhurt When Car Upsets

A young Clevelander escaped uninjured early this morning when his convertible overturned after striking a utility pole in the 1000 block on Dresden Ave.

He was arrested on charges of reckless driving and driving without an operator's permit. When he appeared in Municipal Court, he was fined $10 and costs on the driving charge and $25 and costs for operating without a permit by Judge George L. Brokaw.

Sigley told police the left rear of his car locked, throwing him against the pole and the auto then overturned.

One - way traffic was in effect several hours later as Ohio Power Co. crews replaced the pole.

Fenders, bumpers and lights of three autos were damaged in a collision Friday night at 7:11 on W. 4th St., police reported.

Police said Reid O. Densmore, 31, of 456 Densmore Ave. was driving west and Emily E. Green, 68, of Wellsville R. D. 1 was pulling from a parking space when the crash occurred.

The third car was a parked 1959 station wagon owned by Alice Croxall, 937 Dresden Ave., officers said.

A collision at 2:58 p. m. Friday at W. 6th and Dresden Ave., involved a 1958 truck operated by Robert Dale George of Koppel, and an auto driven by Clyde N. Earich, 50, of Salineville R. D. 1. Both were turning east, police said.

Tardy Paying Delays Work

The summer street improvement has been delayed because residents are slow in turning in their share of the costs, it was reported at a meeting of the Liverpool Township trustees Friday night at City Hall.

April 15 was the deadline for residents to make their payments but several have not done so. Apparently the pottery strike has caused some to delay, the trustees said.

Simon Hall, clerk, said if the money isn't turned in soon, some streets will have to be dropped from the list of those to be improved. Residents and the trustees each pay a share.

It was reported Waterson Ave. and Boring Ln. are to be oiled soon by Hanoverton contractor.

The trustees approved a petition to open a section of Harding Ave., from Pond St. to St. Clair Ave. The street will be oiled this summer.

Ralph Deen of Salem, deputy mine inspector, reported to the trustees in a letter that he will check a complaint that a strip mine operation on Irish Ridge Rd. is too close to the road.

The next meeting will be May 1.

Herter

(Continued from Page One)

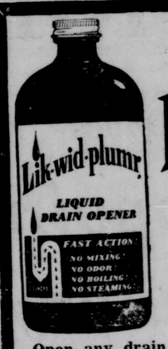

"Everything is fine," Hagerty said.

Herter has suffered from arthritis of the hips for the last several years. There has been some concern as to whether he would be up to standing the grueling burden of the office.

Herter was flown to Eisenhower's vacation headquarters this morning by helicopter from his plantation at Green Pond, S.C. Herter arrived there Friday from Washington to spend the week end.

Eisenhower and Herter met with newsmen in a conference room a few feet from the President's temporary office above the pro shop at the Augusta National Golf Club. Herter walked into the room without the lightweight metal crutches he frequently uses, but he had left them in a nearby office.

Tardy Paying Delays Work

The summer street improvement has been delayed because residents are slow in turning in their share of the costs, it was reported at a meeting of the Liverpool Township trustees Friday night at City Hall.

April 15 was the deadline for residents to make their payments but several have not done so. Apparently the pottery strike has caused some to delay, the trustees said.

Simon Hall, clerk, said if the money isn't turned in soon, some streets will have to be dropped from the list of those to be improved. Residents and the trustees each pay a share.

It was reported Waterson Ave. and Boring Ln. are to be oiled soon by Hanoverton contractor.

The trustees approved a petition to open a section of Harding Ave., from Pond St. to St. Clair Ave. The street will be oiled this summer.

Ralph Deen of Salem, deputy mine inspector, reported to the trustees in a letter that he will check a complaint that a strip mine operation on Irish Ridge Rd. is too close to the road.

How To Keep Ohio Growing

The 103rd Ohio General Assembly has its share of controversial proposals, as all legislative sessions do.

But there is one major subject on which everyone seems to agree — Ohio's future growth.

This bipartisanship was evidenced last week when the House of Representatives gave unanimous approval to two measures aimed at giving economic development in the state an added shot in the arm.

Co-sponsored by members of both parties, the bills would permit the formation of development corporations and allow banks to invest in them.

The corporations could invest in the future of their communities in particular and the state in general in several ways. They could attract established firms from outside Ohio, hold on to companies considering leaving, or encourage new companies by making high-risk loans impossible to acquire through any single lending agency.

These bills would serve as companions to the measure which would create the proposed new Department of Industrial and Economic Development. They would in some cases provide the mechanical means for carrying to completion the groundwork laid by the new cabinet - status agency.

But there is more to insuring the prosperous growth of Ohio than agencies to attract new industry. And at this point the 103rd Assembly loses some of its unanimity.

Ohio is fortunate among her sister states in the favorable reputation she enjoys as a good place to do business. This reputation has been built over the past quarter century or more through wise tax policies and intelligent "selling" of the natural and human resources available.

It is necessary to maintain that climate. That is why business and industrial leaders have been questioning some of the legislation proposed in the current session of the legislature.

Taxes alone are important, but they are not the entire picture. There is general agreement that this state's competitive position on taxes is sound enough that reasonable increases to finance gains in other realms of our modern life would not seriously endanger that position. That is the reason, for instance, that there has been virtually no business opposition to the proposed doubling of the corporate franchise tax.

Other parts of the picture are such employer - financed programs as unemployment compensation and workmen's compensation. Some measures now before the legislature would so radically expand these two programs alone that even the most liberal backers of labor have thrown up their hands at the effect they might have on our economic life.

It is such "hidden" increases in the cost of doing business that pose the real threat to Ohio's favorable climate for commerce.

It has been such factors as these that have put other states at a disadvantage in competing with Ohio for new and expanding industry. And that disadvantage in turn has been the reason that other states have frequently turned to development corporations and other promotional agencies in an effort to woo back the business they have lost.

If Ohio maintains its favorable business climate and uses the promotional agencies to sell that climate, its potential growth is virtually unlimited.

But if it destroys the factors that have given it the edge and turns to the development corporation and the new economic department as a means of counteracting their destruction, it will someday be forced to realize that it is fighting a losing battle.

And every Ohioan would share in that loss.

Candidates For The 'Luckless Legion'

Are you a candidate for membership in the "Luckless Legion?"

You are, but you probably don't know it. In fact, the odds are heavy that even if you become a full-fledged member, you will not be aware of it.

The "Luckless Legion" is the name applied by a prominent insurance company to that vast body of Americans who have suffered death or injury in traffic accidents.

The "club" is a mass of paradoxes.

In terms of size, it is one of the nation's most popular groups. Yet no one wants in and those who try for membership usually do so without knowing what they are up to.

It once was one of the country's most exclusive groups, but things have got so out of hand that just about anyone can get in without even trying.

In 1958, for instance, more than 2,800,000 Americans were "elected," according to the firm's statistics. Of that number, 36,700 men, women and children were in the category that did not know they had joined. They were the ones who died.

With more than 60 million members inducted since its inception slightly more than half a century ago, it nevertheless is an army for whom no monuments are raised, no battlefields marked, no speeches made. Only newspaper headlines record the clash for posterity, and they are fleeting because they must make room for so many more.

How to avoid membership in the "Luckless Legion?"

The best way is simply to remember, everytime you get behind the wheel, that the group is always on the lookout for recruits. Remember that you are as eligible a candidate as anyone else on the road.

Then stop acting like one.

First-Hand Look

This is the time of the year when students in most of our district high schools get a first-hand look at the operation of municipal affairs.

In several communities, they serve as "city officials" for a day and at least get a working knowledge of government.

And in another phase of the program, seven committees of the Senior Class at East Liverpool High School have begun a series of conferences with municipal officials and boards here, preparatory to later reports.

Any endeavors in this direction should be continued and expanded year to year. Municipal government is too important to be ignored by those who will be its future leaders.

A Helping Hand

East Liverpool residents should take advantage of the annual spring cleanup drive which will begin Monday.

City trucks will begin their rounds that morning and haul away refuse that is properly prepared.

Cleanup days are a problem in themselves for the average home owner and any helping hand should be accepted readily. The helping hand again will be there in the form of trucks.

The Once Over

By H. I. Phillips

A. T. & T. held annual meeting in an armory, with 300 loudspeakers, box lunches and bumper crop of folding chairs. The meeting followed the six-day bike race. One rooter offered $50 to any director who would steal a lap on the field of executives.

Chidsey Tinkle, our scout in all three-for-one splits, attended. "I made one mistake," he says. "The company gave everybody a box lunch but I held mine too long. I was waiting to get three lunches for one and 10 per cent more catsup.

"There was no suspense when it came to voting the stock-split, as those things are all done by proxies. Stockholders sign proxies even when no split is under consideration. In case of such a promise they sign twice. I know a woman stockholder who puts her name on all proxies on the mere assumption they just pledged her vote for (1) younger stenographers for top executives; (2) new phones in six colors but no fenders or fins; (3) Finch, Collywobble & Butts to do the auditing instead of Butts, Collywobble & Finch; (4) unconditional surrender by the Gilbert Brothers and Mrs. Soss; (5) special low rate neighborhood gossip rates from breakfast to noon.

"THE TOP PHONE EXECS looked fit for a very talkative year, with the president declaring the phone here to stay. He said the company was not responsible for hats and overcoats but that any complaints of too little mustard on the sandwiches would be taken up with the board.

"He welcomed questions but, I could see that as a good businessman, he would prefer them by long distance at toll line rates. He said busy wires reached a new total in 1957 and the message 'Your three minutes are up. Put in another quarter' had increased 30 per cent.

"A stockholder asked for the 1957 figures on slugs, discs and buttons. The treasurer said these were up to a new high but this was due to more people using phone booths. Statistics show that in every crowd there will be a couple of crooks.

"I asked how come the annual report shows so many directors and execs holding only 100 shares or less. A director explained that they are too busy to put in orders except by phone, and that the brokerage office wires are all tied up these days."

"All in all you liked the meeting?" we asked. "It went over so big they should hold the next one in Yankee Stadium and give every stockholder a cocktail as a bonus," he said.

GOV. ROCKEFELLER has signed a bill making all women three years younger, for purposes of life insurance. "Statistics prove womenfolk live longer than men," he says. When asked, "How old are you?" a woman now has a right to inquire, "You mean for insurance or just all-purpose deceptions?"

Automat lunchrooms in New York have their first unionization. You may now have to cross a picket line to get to a kidney pie.

Jimmy Gleason, who died the other day, was one of our favorite performers. His first big hit was in "Is Zat So?" a comedy of which he was a co-author, away back in 1925. But Gleason was the trouper who never gave a bad performance and has come up through carnivals, vaudeville, movies, the legit, radio and TV.

Mobsters are reported invading bowling alleys, the fastest growing single business in the United States. Here's hoping the district attorneys keep them out of the right alley.

The best possible TV comedy would be a complete rerun of Tallulah Bankhead's appearance before the House Committee. No TV writer could surpass it for surefire laughs.

Why aren't Smith and Dale used oftener on TV? Their recent sketch on the income tax consultant was tops.

Russia's famed Bolshoi Ballet is in U.S. for a long run. Is its theme song, "I could have danced all nyet"? Sol Hurok who brings the ballet here, says, "People fight for tickets." He means, "The joint is JUMPING."

It's possible to fly to Europe in 6 hours 55 minutes. But there will always be the fellow who will ask, "What's the trouble? We're three minutes late."

Omnibus took up entire hour for a sea tragedy. Has this program decided to go in for things people can follow?

The Power Of Faith

By Howard Brodie

FAITH AMERICANS LIVE BY-3

In the steaming mountains of Luzon, in the Philippines, Lt. Clay Conner found faith.

It was hardly a time for a man to think about anything but his own skin. For it was 1942 and the Japs were pouring through our lines. Rather than surrender, Conner fled to the jungles. He was knotted with fear and sick with malaria, but in his pocket was a copy of the New Testament, the chance farewell gift of a fellow officer.

There's Rustle Of A Douglas Boom

By Victor Riesel

ST. LOUIS

Suddenly, out of the rarest political air, the noise of a William O. Douglas-for-president boom is beginning to re-echo off the booms of all the others. Of course, its been inside folklore ever since Franklin Delano Roosevelt dispatched word to that Democratic convention that Supreme Court Justice Douglas would be just as acceptable as that senator from Missouri, Harry Truman, if they could "clear it with Sidney." They say that Bill Douglas didn't want it in '44, though the late Mr. Hillman, speaking for the labor people, would have "cleared" him.

Victor Riesel

Nor did Justice Douglas want it in '48. I was at one end of the conversation in Philadelphia that year when the waiting Democrats received notice over the long distance wire that Mr. Douglas would not buck Harry Truman for the presidential nomination. It was a hot night and hectic but my memory has it that a former CIO official by the name of Monroe Sweetland, now of Oregon, got the message personally.

Then they all trooped down to the convention auditorium and unhappily took Harry Truman — so unhappily that some of the labor and New Deal crowd actually had let one Gen. Dwight D. Eisenhower know that he could have the Democratic nomination.

-:-

IN PASSING, let me report that the first Eisenhower - for - president balloon was sent up by Mr. Hillman's own union, the Amalgamated Clothing Workers, back in '47 at its Atlantic City convention.

That '48 Democratic convention was the only one which really didn't clear it with the labor men. The political fact of life now, however, is that the Democrats will not consider naming any man without first consulting the labor leaders. The union chiefs do not have the power to nominate but they can veto.

Taking this as elemental truth, I checked with labor people all along the line from New York to Washington and on to St. Louis when the Stuart Symington - for-president draft was touched off this past week.

It was while inquiring about Symington that I ran into the still untriggered Douglas talk in the highest, most responsible of circles.

It happened this way.

I found that the labor politicos had nothing against Sen. Symington. Nor did they feel any sentiment for him. Their attitude is that he has no real active record of fighting for the things they want.

Mainly, he has devoted himself to military matters, air power and foreign affairs.

If all other candidates are deadlocked at the convention, labor will take him. One wag called Symington "the Missouri Compromise."

-:-

WHO, THEN, are the Democrats closest to the labor people? In no particular order, the inner sanctum consensus names Hubert Humphrey, John Kennedy, New Jersey's Gov. Robert Meyner, Adlai Stevenson, Lyndon Johnson — and Supreme Court Justice William O. Douglas.

Walter Reuther has pledged himself to Hubert Humphrey but no one really takes Humphrey's candidacy seriously, despite the series of fund-raising meetings the Minnesota senator has been holding around the country with labor and business people. Gov. Meyner has antagonized many influential old AFL leaders in his home state.

As for Mr. Stevenson, most of labor simply believes he can't win —and the oldline AFL leaders never could work up any enthusiasm for his rather aloof intellectual approach. Many of the northern labor chiefs like Lyndon Johnson but will not go for a Southerner atop the ticket.

-:-

THIS LEAVES John Kennedy. For him there is the greatest affection and respect. But the belief is that for all the reasons you might expect, a bloc is organizing to stop him and shove the fighting senator into second place.

The question then is, who? The answer in a surprising number of high places is Supreme Court Justice Douglas — especially if it appears that Richard Nixon and Nelson Rockefeller will deadlock each other in the Republican soiree and that the delegates will turn to the man the GOP once considered seriously — Chief Justice Earl Warren.

This is what the boys are saying. All I'm doing is reporting it.

Aiichiro Fujiyama, foreign minister in the Kishi Liberal-Democratic government of Japan, is a businessman of 40 years' experience who has been successful in political life.

Before the Pacific war, he was the highly successful head of a number of business enterprises. He served for a while as president of the Tokyo Chamber of Commerce and also of the Chamber of Commerce of Japan.

His long experience in manufacturing and commerce prepared him for his present post because Japan's foreign policy is basically related to trade and industry.

IN MY VISIT with him, he freely talked for the record on the economic problems facing the new and prosperous Japan. He pointed out that Japan is a small island nation with a vital need for imports of raw materials and markets to supply with manufactured goods. Its chief market is Southeastern Asia, with the United States next.

So far as exports to the United States are concerned, the need is to sell us small products identified with small industries essential to the maintenance of Japan's crowded population.

The United States is also a prospective customer for Japan's very important shipbuilding industry, notably in tankers. So far as steel is concerned, the American market is small. Japan itself uses 80 per cent of its manufactured steel.

OTHER ITEMS for export to the United States are small transistor radios, optical goods, camera equipment and other luxury goods.

The sincerity of the Foreign Minister's friendship for the United States is very apparent. He stands firmly with the Kishi government's firm opposition to Communism and Communist countries. The United States can do business with Mr. Fujiyama on a basis of equality of treatment and the unique articulation of our respective interests.

Hope For Appeasers

By David Lawrence

Dulles Resignation Is A Blow To The West

No resignation of a secretary of state in the last half-century has created the profound impression that has been made by the relinquishment of this high office by John Foster Dulles.

David Lawrence

Not only has a strong man with an iron will departed from active duty — a man who stood staunchly on his convictions irrespective of partisan sniping at home and Communist opposition abroad — but the effect on American foreign policy is now a subject of worldwide discussion.

To understand the significance of the change, it is important to report that the campaign to force Mr. Dulles out of office has been going on steadily for several years. It has had some inspiration abroad, even in Allied quarters which found the American secretary of state too "inflexible," and it has had considerable support from partisans in the Congress, particularly in the Senate, who have obtained headlines by their intermittent attacks on the secretary.

TODAY all is praise. The amenities and courtesies to the sick require it. But nobody should be deceived by the effusive comments from quarters that have tried to undermine Mr. Dulles.

Some who are loudest in their laudatory eulogies are secretly rejoicing. They see a chance at last to turn the tide in their own direction — appeasement.

Opponents of Mr. Dulles naturally resent the term "appeasement."

They euphemistically describe their position as motivated by a desire to move American policy "off dead center."

This is the school of thought which constantly calls for "bold and imaginative ideas" and "negotiations" and "summit conferences." Even when, again and again, it is demonstrated that the men in the Kremlin are unscrupulous, the answer blandly given is that "at least after a summit conference, we shall know where we stand."

ONE WONDERS how many times America must be insulted and how many times its rights have to be flagrantly challenged— as, for instance, by the ultimatum over Berlin — before the appeasers will learn their lesson.

The simple truth is that the Soviets think the allies are soft — that Britain and France can be infiltrated or frustrated from within and even be persuaded in an emergency to deprive American atomic bombers of the use of overseas bases in those countries.

Today the big prize is West Germany, and the Communists are aiming at military possession of that country by means of political infiltration.

The record of Kremlin duplicity and disregard of written agreements is clear enough. Yet it is seriously being suggested by many well meaning persons in influential circles in every Western country that the Soviet government should be trusted.

Again and again it is argued that nuclear - test agreements, for example, should be made, though there isn't a chance of a foolproof agreement that would assure compliance by the Soviets, since they repeatedly refuse to agree to any iron clad system of inspection.

THE EVIDENCE accumulates that the Soviets are benefiting by the weakness and the pacifistic timidity of certain Westerners. That's why the removal of the personality of John Foster Dulles from the scene is, tragically enough, a break for the Communists. It shouldn't be. But who is there to keep the Western governments in Europe from becoming the victims of their own naivete?

The British press for the most part is following the path of appeasement. Had not Britain's reluctance to stand up realistically to the facts failed before to avert war, there would today be some sympathy for the London viewpoint. But the British are influenced by material considerations — a belief that increased trade will result from "peaceful coexistence."

In the early 1930s Prime Minister Baldwin refused to appraise the facts of a Nazi conspiracy, and Prime Minister Chamberlain was fooled by Hitler at Munich in 1938.

The Moscow government allied itself with Hitler in 1939 and made possible the attack on Poland by Nazi Germany. The Communists are as much responsible as the Nazis for World War II.

Today the secret, diabolical diplomacy of the Soviets that has weakened the Allies in the past is causing a strain among Western powers. Strong men like Dulles and Adenauer were too experienced to fall for the Communist tricks. So it is a question now what the newcomers in Washington and Bonn may bring.

President Eisenhower is the sole hope of the world today. He has for years benefited by the advice of John Foster Dulles.

THE PRESIDENT will not permit a deviation from the main positions hitherto taken, though perhaps he will find it more difficult to maintain Allied solidarity because of the encouragement whch policies of both pacifism and retreat will get in Europe now that Britain is once more yielding to the temptations of the appeasement doctrine.

As long as John Foster Dulles is not too sick to give advice, his influence will be felt at the White House, no matter who is at the head of the Department of State. But it is to be noted that, just as the outgoing secretary made bitter enemies and is loved for the way he fought his opposition, so any one who succeeds him will find all acts and words minutely scrutizined to determine whether the appeasers in the West who are unwittingly helping the Communist stratagems are going to determine the course of Allied policy.

It is a critical time in the history of the world. The danger of an atomic war arises far more from the appeasers than it does from those who courageously stand up to Communist treachery.

Psychiatry Made Easy

By Truman Twill

If there is one thing that interests fathers more than anything else, it is attempts to analyze the problems of fatherhood.

The latest analysis is by Otto von Mering of the Western Psychiatric Institute and Clinic of the University of Pittsburgh. Dr. Von Mering says father is now the odd man out in the family count-out.

His problem is how to adjust himself to this. He is no longer the "papa" of Victorian times, when "papas" ruled the roost. But he does want to be recognized as a person of some consequence.

The doctor thinks he should avoid playing into the grasping hands of the mother-child coalition that is the first evidence of the problem of fatherhood. He should retain his independence as an individual, not be a convert to mom-ism, the great American cult.

At the same time, he should avoid the impulse to show his resentment of being left out of the mother-child coalition; he should not try to fight it or break it up because he will only get licked.

He also should avoid the impulse to go off by himself and sulk in his tent, or whatever he sulks in when he wants to get away from it all. That won't get him anywhere, either.

His best best, the doctor suggests, is to make himself useful around the place and hope for the best, which is to be restored to status as an insider instead of an outsider.

If the doc wants to spare a few hours sometime I'd like to show him a few demonstrations in the other divisions of the animal kingdom — the minor leagues.

When dogs that have been living together as mates are confronted with the problem of pups, Father Dog high-tails out of there and has nothing to do with the squirming little beasts. Only when Mother Dog is away from her pups will Father Dog pay any attention to her. When the pups grow up, everything reverts to pre-pup status quo.

When cats that have been he-ing and she-ing face the problem, Father Cat is noticeable by his absence. He is not a well adjusted parent in any sense of the word and does not make himself useful in any way. But when the mother-child coalition has been dissolved he frequently is the first to know about it.

Then there is Sam the Ram. His way is something special. He cannot run away from his flock. He has no inclination to evade the consequences of fatherhood. He is stuck with the proposition and makes the best of it.

All that squawling and coddling. All that pitter-patter of little feet and mother-cooing. All that butting and bustling.

Sam watches it with a phlegmatic eye as he chews his cud. He does not resent it, nor does he take part in it. He just observes it.

No one expects him to be a hero or a heel. So he waits on the sidelines until it blows over. He can be patient. It all blew over the last time, didn't it? And when it has blown, Sam was the big man again. Wasn't he?

He will go on being the big man again until his time comes to join the big flock up in the sky where, things being as they are, up yonder, there will be no increase in the population, only ever-loving ewes and everlasting rams.

How To Keep Ohio Growing

The 103rd Ohio General Assembly has its share of controversial proposals, as all legislative sessions do.

But there is one major subject on which everyone seems to agree — Ohio's future growth.

This bipartisanship was evidenced last week when the House of Representatives gave unanimous approval to two measures aimed at giving economic development in the state an added shot in the arm.

Co-sponsored by members of both parties, the bills would permit the formation of development corporations and allow banks to invest in them.

The corporations could invest in the future of their communities in particular and the state in general in several ways. They could attract established firms from outside Ohio, hold on to companies considering leaving, or encourage new companies by making high-risk loans impossible to acquire through any single lending agency.

These bills would serve as companions to the measure which would create the proposed new Department of Industrial and Economic Development. They would in some cases provide the mechanical means for carrying to completion the groundwork laid by the new cabinet - status agency.

But there is more to insuring the prosperous growth of Ohio than agencies to attract new industry. And at this point the 103rd Assembly loses some of its unanimity.

Ohio is fortunate among her sister states in the favorable reputation she enjoys as a good place to do business. This reputation has been built over the past quarter century or more through wise tax policies and intelligent "selling" of the natural and human resources available.

It is necessary to maintain that climate. That is why business and industrial leaders have been questioning some of the legislation proposed in the current session of the legislature.

Taxes alone are important, but they are not the entire picture. There is general agreement that this state's competitive position on taxes is sound enough that reasonable increases to finance gains in other realms of our modern life would not seriously endanger that position. That is the reason, for instance, that there has been virtually no business opposition to the proposed doubling of the corporate franchise tax.

Other parts of the picture are such employer - financed programs as unemployment compensation and workmen's compensation. Some measures now before the legislature would so radically expand these two programs alone that even the most liberal backers of labor have thrown up their hands at the effect they might have on our economic life.

It is such "hidden" increases in the cost of doing business that pose the real threat to Ohio's favorable climate for commerce.

It has been such factors as these that have put other states at a disadvantage in competing with Ohio for new and expanding industry. And that disadvantage in turn has been the reason that other states have frequently turned to development corporations and other promotional agencies in an effort to woo back the business they have lost.

If Ohio maintains its favorable business climate and uses the promotional agencies to sell that climate, its potential growth is virtually unlimited.

But if it destroys the factors that have given it the edge and turns to the development corporation and the new economic department as a means of counteracting their destruction, it will someday be forced to realize that it is fighting a losing battle.

And every Ohioan would share in that loss.

Candidates For The 'Luckless Legion'

Are you a candidate for membership in the "Luckless Legion?"

You are, but you probably don't know it. In fact, the odds are heavy that even if you become a full-fledged member, you will not be aware of it.

The "Luckless Legion" is the name applied by a prominent insurance company to that vast body of Americans who have suffered death or injury in traffic accidents.

The "club" is a mass of paradoxes.

In terms of size, it is one of the nation's most popular groups. Yet no one wants in and those who try for membership usually do so without knowing what they are up to. It once was one of the country's most exclusive groups, but things have got so out of hand that just about anyone can get in without even trying.

In 1958, for instance, more than 2,800,000 Americans were "elected," according to the firm's statistics. Of that number, 36,700 men, women and children were in the category that did not know they had joined. They were the ones who died.

With more than 60 million members inducted since its inception slightly more than half a century ago, it nevertheless is an army for whom no monuments are raised, no battlefields marked, no speeches made. Only newspaper headlines record the clash for posterity, and they are fleeting because they must make room for so many more.

How to avoid membership in the "Luckless Legion?"

The best way is simply to remember, everytime you get behind the wheel, that the group is always on the lookout for recruits. Remember that you are as eligible a candidate as anyone else on the road.

Then stop acting like one.

First-Hand Look

This is the time of the year when students in most of our district high schools get a first-hand look at the operation of municipal affairs.

In several communities, they serve as "city officials" for a day and at least get a working knowledge of government.

And in another phase of the program, seven committees of the Senior Class at East Liverpool High School have begun a series of conferences with municipal officials and boards here, preparatory to later reports.

Any endeavors in this direction should be continued and expanded year to year. Municipal government is too important to be ignored by those who will be its future leaders.

A Helping Hand

East Liverpool residents should take advantage of the annual spring cleanup drive which will begin Monday.

City trucks will begin their rounds that morning and haul away refuse that is properly prepared.

Cleanup days are a problem in themselves for the average home owner and any helping hand should be accepted readily. The helping hand again will be there in the form of trucks.

The Once Over

By H. I. Phillips

A. T. & T. held annual meeting in an armory, with 300 loudspeakers, box lunches and bumper crop of folding chairs. The meeting followed the six-day bike race. One rooter offered $50 to any director who would steal a lap on the field of executives.

Chidsey Tinkle, our scout in all three-for-one splits, attended. "I made one mistake," he says. "The company gave everybody a box lunch but I held mine too long. I was waiting to get three lunches for one and 10 per cent more catsup.

"There was no suspense when it came to voting the stock-split, as those things are all done by proxies. Stockholders sign proxies even when no split is under consideration. In case of such a promise they sign twice. I know a woman stockholder who puts her name on all proxies on the mere assumption they just pledged her vote for (1) younger stenographers for top executives; (2) new phones in six colors but no fenders or fins; (3) Finch, Collywobble & Butts to do the auditing instead of Butts, Collywobble & Finch; (4) unconditional surrender by the Gilbert Brothers and Mrs. Soss; (5) special low rate neighborhood gossip rates from breakfast to noon.

"THE TOP PHONE EXECS looked fit for a very talkative year, with the president declaring the phone here to stay. He said the company was not responsible for hats and overcoats but that any complaints of too little mustard on the sandwiches would be taken up with the board.

"He welcomed questions but, I could see that as a good businessman, he would prefer them by long distance at toll line rates. He said busy wires reached a new total in 1957 and the message 'Your three minutes are up. Put in another quarter' had increased 30 per cent.

"A stockholder asked for the 1957 figures on slugs, discs and buttons. The treasurer said these were up to a new high but this was due to more people using phone booths. Statistics show that in every crowd there will be a couple of crooks.

"I asked how come the annual report shows so many directors and execs holding only 100 shares or less. A director explained that they are too busy to put in orders except by phone, and that the brokerage office wires are all tied up these days."

"All in all you liked the meeting?" we asked. "It went over so big they should hold the next one in Yankee Stadium and give every stockholder a cocktail as a bonus," he said.

GOV. ROCKEFELLER has signed a bill making all women three years younger, for purposes of life insurance. "Statistics prove womenfolk live longer than men," he says. When asked, "How old are you?" a woman now has a right to inquire, "You mean for insurance or just all-purpose deceptions?"

Automat lunchrooms in New York have their first unionization. You may now have to cross a picket line to get to a kidney pie.

Jimmy Gleason, who died the other day, was one of our favorite performers. His first big hit was in "Is Zat So?" a comedy of which he was a co-author, away back in 1925. But Gleason was the trouper who never gave a bad performance and has come up through carnivals, vaudeville, movies, the legit, radio and TV.

Mobsters are reported invading bowling alleys, the fastest growing single business in the United States. Here's hoping the district attorneys keep them out of the right alley.

The best possible TV comedy would be a complete rerun of Tallulah Bankhead's appearance before the House Committee. No TV writer could surpass it for surefire laughs.

Why aren't Smith and Dale used oftener on TV? Their recent sketch on the income tax consultant was tops.

Russia's famed Bolshoi Ballet is in U.S. for a long run. Is its theme song, "I could have danced all nyet"? Sol Hurok who brings the ballet here, says, "People fight for tickets." He means, "The joint is JUMPING."

It's possible to fly to Europe in 6 hours 55 minutes. But there will always be the fellow who will ask, "What's the trouble? We're three minutes late."

Omnibus took up entire hour for a sea tragedy. Has this program decided to go in for things people can follow?

Even when, again and again, it is demonstrated that the men in the Kremlin are unscrupulous, the answer blandly given is that "at least after a summit conference, we shall know where we stand."

ONE WONDERS how many times America must be insulted and how many times its rights have to be flagrantly challenged— as, for instance, by the ultimatum over Berlin — before the appeasers will learn their lesson.

The simple truth is that the Soviets think the allies are soft — that Britain and France can be infiltrated or frustrated from within and even be persuaded in an emergency to deprive American atomic bombers of the use of overseas bases in those countries.

Today the big prize is West Germany, and the Communists are aiming at military possession of that country by means of political infiltration.

The record of Kremlin duplicity and disregard of written agreements is clear enough. Yet it is seriously being suggested by many well meaning persons in influential circles in every Western country that the Soviet government should be trusted.

Again and again it is argued that nuclear - test agreements, for example, should be made, though there isn't a chance of a foolproof agreement that would assure compliance by the Soviets, since they repeatedly refuse to agree to any iron clad system of inspection.

THE EVIDENCE accumulates that the Soviets are benefiting by the weakness and the pacifistic timidity of certain Westerners. That's why the removal of the personality of John Foster Dulles from the scene is, tragically enough, a break for the Communists. It shouldn't be. But who is there to keep the Western governments in Europe from becoming the victims of their own naivete?

The British press for the most part is following the path of appeasement. Had not Britain's reluctance to stand up realistically to the facts failed before to avert war, there would today be some sympathy for the London viewpoint. But the British are influenced by material considerations — a belief that increased trade will result from "peaceful coexistence."

In the early 1930s Prime Minister Baldwin refused to appraise the facts of a Nazi conspiracy, and Prime Minister Chamberlain was fooled by Hitler at Munich in 1938.

The Moscow government allied itself with Hitler in 1939 and made possible the attack on Poland by Nazi Germany. The Communists are as much responsible as the Nazis for World War II.

Today the secret, diabolical diplomacy of the Soviets that has weakened the Allies in the past is causing a strain among Western powers. Strong men like Dulles and Adenauer were too experienced to fall for the Communist tricks. So it is a question now what the newcomers in Washington and Bonn may bring.

President Eisenhower is the sole hope of the world today. He has for years benefited by the advice of John Foster Dulles.

THE PRESIDENT will not permit a deviation from the main positions hitherto taken, though perhaps he will find it more difficult to maintain Allied solidarity because of the encouragement whch policies of both pacifism and retreat will get in Europe now that Britain is once more yielding to the temptations of the appeasement doctrine.

As long as John Foster Dulles is not too sick to give advice, his influence will be felt at the White House, no matter who is at the head of the Department of State. But it is to be noted that, just as the outgoing secretary made bitter enemies and is loved for the way he fought his opposition, so any one who succeeds him will find all acts and words minutely scrutizined to determine whether the appeasers in the West who are unwittingly helping the Communist stratagems are going to determine the course of Allied policy.

It is a critical time in the history of the world. The danger of an atomic war arises far more from the appeasers than it does from those who courageously stand up to Communist treachery.

Psychiatry Made Easy

By Truman Twill

If there is one thing that interests fathers more than anything else, it is attempts to analyze the problems of fatherhood.

The latest analysis is by Otto von Mering of the Western Psychiatric Institute and Clinic of the University of Pittsburgh. Dr. Von Mering says father is now the odd man out in the family count-out.

His problem is how to adjust himself to this. He is no longer the "papa" of Victorian times, when "papas" ruled the roost. But he does want to be recognized as a person of some consequence.

The doctor thinks he should avoid playing into the grasping hands of the mother-child coalition that is the first evidence of the problem of fatherhood. He should retain his independence as an individual, not be a convert to mom-ism, the great American cult.

At the same time, he should avoid the impulse to show his resentment of being left out of the mother-child coalition; he should not try to fight it or break it up because he will only get licked.

He also should avoid the impulse to go off by himself and sulk in his tent, or whatever he sulks in when he wants to get away from it all. That won't get him anywhere, either.

His best best, the doctor suggests, is to make himself useful around the place and hope for the best, which is to be restored to status as an insider instead of an outsider.

If the doc wants to spare a few hours sometime I'd like to show him a few demonstrations in the other divisions of the animal kingdom — the minor leagues.

When dogs that have been living together as mates are confronted with the problem of pups, Father Dog high-tails out of there and has nothing to do with the squirming little beasts. Only when Mother Dog is away from her pups will Father Dog pay any attention to her. When the pups grow up, everything reverts to pre-pup status quo.

When cats that have been he-ing and she-ing face the problem, Father Cat is noticeable by his absence. He is not a well adjusted parent in any sense of the word and does not make himself useful in any way. But when the mother-child coalition has been dissolved he frequently is the first to know about it.

Then there is Sam the Ram. His way is something special. He cannot run away from his flock. He has no inclination to evade the consequences of fatherhood. He is stuck with the proposition and makes the best of it.

All that squawling and coddling. All that pitter-patter of little feet and mother-cooing. All that butting and bustling.

Sam watches it with a phlegmatic eye as he chews his cud. He does not resent it, nor does he take part in it. He just observes it.

No one expects him to be a hero or a heel. So he waits on the sidelines until it blows over. He can be patient. It all blew over the last time, didn't it? And when it has blown, Sam was the big man again. Wasn't he?

He will go on being the big man again until his time comes to join the big flock up in the sky where, things being as they are, up yonder, there will be no increase in the population, only ever-loving ewes and everlasting rams.

Confident Living

Dr. Norman Vincent Peale

Don't Be A Shadow Pusher

One sunny day I was standing with a friend at a window in a tall New York office building, looking down at 5th Ave. and 42nd St., one of the world's busiest intersections. My friend was Amos Parrish, famous merchandising expert and a creative and imaginative thinker. I knew an idea was agitating his mind because he was scratching his chin and looking reflective. Suddenly, pointing at the sidewalk many stories below, he said, "A lot of those people down there are shadow pushers."

Dr. Peale

"What do you mean shadow pushers?" I asked.

—:—

"JUST LOOK at them," he replied. "They are walking away from the sun and their shadows are in front of them. They are shadow pushers. But those others are shadow leaders. They are walking toward the sun and their shadows fall behind them. It's symbolic, of course, but it tells a lot about some people, why their lives are so hard, and why they are so worn out by life. They are shadow pushers. It must be awfully wearing to push shadows all the time."

"You're right," I said, "but whether pushers or leaders, our shadows are always with us. So the issue in life seems to be what do we do about shadows, push them or lead them?"

Life forces each of us to deal with what the human shadow symbolized to Amos Parrish, namely, difficulties, problems and happiness. But the difference between a leader and a pusher is very significant; for if you are leading the shadows you are master of life, but if you are trying to push them, then you are being mastered by living.

One of the purposes of religious faith must surely be to develop people as life's shadow leaders rather than shadow pushers. And it is this wonderful accomplishment that leads to real happiness.

Every happy person I have ever known has been a man or woman who walked head up toward the sun with the shadows falling behind. "If ye know these things," the Bible tells us, "happy are ye if ye do them." Happiness depends upon what you are looking at in life, whether difficulty or God, and what you do about it.

—:—

IT IS NOT what you have or who you are that determines happiness, but your inward state or mental condition. Whether or not you are happy depends upon what goes on in your mind. As Marcus Antoninus said, "No man is happy who does not think himself so." The late William Lyon Phelps said, "He is happiest who thinks the happiest thoughts."

You can be happy, whoever you are, if you do a constructive job on your thoughts. Turn your thinking toward the sun, toward God. Turn your thoughts to the brightness and power of faith. Then your mind will become filled with hope and optimism. Discouragement will fade out. So finally you will know the wonder and delight of being a happy person.

But if you continue to turn your thoughts away from the sun, away from God and good, and into dark negativism — your mind holding grudges, pessimism or selfishness —you can hardly expect to be a happy person.

Let's face it! We blot the sun out of our own minds. We put a cloud blanket between ourselves and the true radiance. The clear light of joy cannot filter through the dismal mental states which we ourselves create.

But get rid of those sunless negativisms and you can begin living a different mental life, one that is full of faith, hope and love. Then the sun will shine and the shadows will fall behind.

You will start living in an altogether different world. No longer will you be a tired, discouraged shadow pusher. Shadows may trail you, of course, but with your face to the sun you will always keep well ahead of them.

WORSHIP WITH US!

HUMANITY CALLING!

By Major William Murtaugh of The Salvation Army

WORLD SERVICE.

Whatever the circumstances, the missionary imperative comes from Jesus Himself: "Go ye into all the world and preach the Gospel".

Our fervent prayer and generous support should go out cheerfully to the vast army of devout, patient, upright, hopeful missionaries. They have gone forth into the far and lonely places of the earth, some of them to live among savage tribes, some of them to encounter ancient civilizations, some of them to labor deep in African jungles. All of them have journeyed over mighty rivers and alongside lofty mountains on strange continents, or have traveled to the remote islands of the seas. Some of them live yonder at the end of a trail in fever-stricken lands. Day after day they are in peril of disease and they live in the shadow of death, far from those who love them best. No criticism embitters them, no disappointment sours them, no earthly glamour lures them from their lonely posts. God bless them all for their noble fortitude and invincible spirit. No trumpets sound their praises—they just live and labor to bring in the Kingdom of God — a noble, courageous, gallant band of men and women who believe passionately in the gospel of Jesus Christ. Hundreds of graves bear testimony to their faithfulness despite the deadliness of disease and climate. The story of those who have stepped forward to fill the gaps left by the fallen is one of the thrilling tales of Christian heroism.

Confident Living

Dr. Norman Vincent Peale

Don't Be A Shadow Pusher

One sunny day I was standing with a friend at a window in a tall New York office building, looking down at 5th Ave. and 42nd St., one of the world's busiest intersections. My friend was Amos Parrish, famous merchandising expert and a creative and imaginative thinker. I knew an idea was agitating his mind because he was scratching his chin and looking reflective. Suddenly, pointing at the sidewalk many stories below, he said, "A lot of those people down there are shadow pushers."

Dr. Peale

"What do you mean shadow pushers?" I asked.

—:—

"JUST LOOK at them," he replied. "They are walking away from the sun and their shadows are in front of them. They are shadow pushers. But those others are shadow leaders. They are walking toward the sun and their shadows fall behind them. It's symbolic, of course, but it tells a lot about some people, why their lives are so hard, and why they are so worn out by life. They are shadow pushers. It must be awfully wearing to push shadows all the time."

"You're right," I said, "but whether pushers or leaders, our shadows are always with us. So the issue in life seems to be what do we do about shadows, push them or lead them?"

Life forces each of us to deal with what the human shadow symbolized to Amos Parrish, namely, difficulties, problems and happiness. But the difference between a leader and a pusher is very significant; for if you are leading the shadows you are master of life, but if you are trying to push them, then you are being mastered by living.

One of the purposes of religious faith must surely be to develop people as life's shadow leaders rather than shadow pushers. And it is this wonderful accomplishment that leads to real happiness.

Every happy person I have ever known has been a man or woman who walked head up toward the sun with the shadows falling behind. "If ye know these things," the Bible tells us, "happy are ye if ye do them." Happiness depends upon what you are looking at in life, whether difficulty or God, and what you do about it.

—:—

IT IS NOT what you have or who you are that determines happiness, but your inward state or mental condition. Whether or not you are happy depends upon what goes on in your mind. As Marcus Antoninus said, "No man is happy who does not think himself so." The late William Lyon Phelps said, "He is happiest who thinks the happiest thoughts."

You can be happy, whoever you are, if you do a constructive job on your thoughts. Turn your thinking toward the sun, toward God. Turn your thoughts to the brightness and power of faith. Then your mind will become filled with hope and optimism. Discouragement will fade out. So finally you will know the wonder and delight of being a happy person.

But if you continue to turn your thoughts away from the sun, away from God and good, and into dark negativism — your mind holding grudges, pessimism or selfishness —you can hardly expect to be a happy person.

Let's face it! We blot the sun out of our own minds. We put a cloud blanket between ourselves and the true radiance. The clear light of joy cannot filter through the dismal mental states which we ourselves create.

But get rid of those sunless negativisms and you can begin living a different mental life, one that is full of faith, hope and love. Then the sun will shine and the shadows will fall behind.

You will start living in an altogether different world. No longer will you be a tired, discouraged shadow pusher. Shadows may trail you, of course, but with your face to the sun you will always keep well ahead of them.

WORSHIP WITH US!

HUMANITY CALLING!

By Major William Murtaugh of The Salvation Army

WORLD SERVICE.

Whatever the circumstances, the missionary imperative comes from Jesus Himself: "Go ye into all the world and preach the Gospel".

Our fervent prayer and generous support should go out cheerfully to the vast army of devout, patient, upright, hopeful missionaries. They have gone forth into the far and lonely places of the earth, some of them to live among savage tribes, some of them to encounter ancient civilizations, some of them to labor deep in African jungles. All of them have journeyed over mighty rivers and alongside lofty mountains on strange continents, or have traveled to the remote islands of the seas. Some of them live yonder at the end of a trail in fever-stricken lands. Day after day they are in peril of disease and they live in the shadow of death, far from those who love them best. No criticism embitters them, no disappointment sours them, no earthly glamour lures them from their lonely posts. God bless them all for their noble fortitude and invincible spirit. No trumpets sound their praises—they just live and labor to bring in the Kingdom of God — a noble, courageous, gallant band of men and women who believe passionately in the gospel of Jesus Christ. Hundreds of graves bear testimony to their faithfulness despite the deadliness of disease and climate. The story of those who have stepped forward to fill the gaps left by the fallen is one of the thrilling tales of Christian heroism.

OUR FIRST PAIR OF SHOES

A great king, so the legend goes, once stepped on a thorn in his garden. In a rage he ordered his entire kingdom covered with leather. His wise prime minister suggested, "let me cover your feet with leather, and wherever you go you will be protected." And so the first pair of shoes was made!

The little fellow who wears these shoes has a long way to travel. His journey through life will not be free of thorns. And he'll need more than shoes to make that journey!

He'll need to develop a spiritual fiber which will strengthen his character. A man can't carpet the whole world — but he can acquire the faith and courage which will enable him to climb life's most rugged trails.

The Church brings such qualities to the life of man. The Church points the way to happy, wholesome living — for the grown-up with the burdens of life on his shoulders — and for the little tot in his first pair of shoes!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Indians Win 5th Straight Behind Brodowski's Relief, 4-3

Red Sox Blank Yanks; Chisox, Orioles Victors

By ED WILKS
Associated Press Sports Writer

It begins to look as though the Boston Red Sox not only brought up Dick Brodowski too soon, but that they also gave up on him too soon.

At the moment, the big right-hander has saved two of Cleveland's five victories and has claimed one for himself. He's done it with three hitless relief jobs for the Injuns, who remain unbeaten while everyone else in the American League has lost at least twice.

Now 26, Brodowski was hoisted from Class D by the Red Sox in 1953 and had a 5-5 record. Back from service in 1955, he was 1-0 and peddled to Washington. The Senators let him go after an 0-4 showing, but the Indians brought him back last season after a two-year, 26-16 record in the minors.

Combining his five appearances of last year with his 4 1-3 innings of work this season, Brodowski now has an improbable 0.00 earned run average for 14 1-3 consecutive innings of relief, in which he has given up just three hits.

He stretched that string with a two innings of perfect relief Friday night as the Indians beat Kansas City 4-3 for a one-game lead over Chicago. The White Sox twisted the Tigers' tail again with a 6-5 decision over winless Detroit. Boston blanked New York 4-0 on Tom Brewer's two-hit pitching, and Baltimore defeated Washington 4-3.

A double error by A's third baseman Hal Smith on Minnie Minoso's ground ball gave the Indians the tie-breaking run with two-out in the ninth at Cleveland.

Brewer, who was beaten in Boston's opener by Bob Turley's two-hitter, beat the Yankee ace in a return match.

Jim Rivera's pop, two-run double wrapped it up for the White Sox in the eighth inning, breaking a 4-4 tie against reliever Ray Narleski, now 0-3.

Three walks and a sacrifice fly from pinch hitter Gene Woodling gave the Orioles their tie-breaking run in the eighth off Washington's relief ace, Dick Hyde (0-1).

18,850 See Tribe Extend Streak To 5

CLEVELAND (AP) — An unexpected crowd of 18,850 baseball fans showed up at Municipal Stadium Friday night to watch the Cleveland Indians defeat Kansas City 4-3.

The victory was Cleveland's fifth straight. It kept them on top of the American League standings a game ahead of Chicago and two games ahead of New York and Boston.

Indians' officials, who not too long ago debated moving the Tribe because of dwindling attendance, were pleasantly jolted by the size of the turnout.

The weatherman provided a balmy spring evening with temperatures in the high 60s. And the largest April night crowd in the history of the lakefront stadium responded. The previous high was 16,957 on April 22, 1955.

Two errors on the same play by Kansas City third baseman Hal Smith allowed the Indians a ninth-inning run and the margin of victory.

With two outs, Smith fumbled Minnie Minoso's grounder and then threw wild to first base. Carroll Hardy scored from second.

Dick Brodowski relieved starter Gary Bell in the eighth inning and retired the six men he faced to earn his first victory. Bell gave up all three Athletics' runs by serving home run pitches to Whitey Herzog, Roger Maris and Smith.

Vic Power led an eight-hit assault on three A's pitchers with a homer and a single in four trips to the plate. George Strickland and Carroll Hardy, who entered the game as a pinch hitter, also collected two hits apiece.

Power's second - inning homer was the only Tribe hit to produce a run. The Indians scored a run in the fourth on a passed ball. Tom Gorman, who relieved the A's starter, Rip Coleman, walked pinch hitter Hal Naragon in the seventh with the bases loaded to provide another score.

Bud Daley followed Gorman to the hill and was charged with the loss.

Potters Whip Beavers For 5th Triumph, 12-3

A six - run uprising in the first inning when 11 swingers stepped to the plate paved the way for East Liverpool High's baseball nine to bounce Beaver Local, 12-3, Friday afternoon at the Beaver Local diamond.

It was the second straight game that Coach Rey Peduzzi's sluggers plated six runs in the opening inning, pulling the trick on Thursday while whipping Chester.

The Potters jumped on George Sachs of Beaver Local for five hits in the big first inning, with leadoff man Cookie Goodballet and center fielder Dave Goodballet going to the plate twice in the same inning.

Stocky Cookie Goodballet started the onslaught by leading off with a single. Dave Goodballet walked, and left fielder Ken Miller followed with another single. Dave Zelch got on on a fielder's choice, later scoring, with Buddy Myers and Seibert singling.

The lead was padded in the third inning when the Potters added five more runs on three hits, a walk, a sacrifice and a hit-batsman.

The big blow of the third inning was a double by Reynolds, who received credit for the Potter victory. Midway through the fourth, Sachs was sent to the showers in favor of Tom Shallenberger.

Shallenberger was very effective in his relief stint, walking only one batter and fanning eight. He was nicked for four hits, but struck out the side in the fourth inning.

Cliff Goodballet led the Potters at the plate by scoring three runs and banging a pair of singles. Ken Miller, Siebert and Adkins also stroked a pair of singles each.

The Potters are now 5-2 for the season.

Beaver Local's three runs came in the fourth inning when Reynolds was tagged for two singles and a long triple by Ensinger. Two errors by the Potters and a walk to Shallenberger also figured in the scoring of Coach Bobbie Bush's Beavers.

Thurm Allen collected two hits to lead the losers. Four other hits by the Beavers were off the bats of Ensinger, Pike and R. Dunn.

Reynolds, who was relieved in the sixth inning by Stanley, issued three walks and struck out five.

Derby Hopeful Tests Slated

By The Associated Press

The weekend racing program designed to test leading candidates for the May 2 running of the Kentucky Derby spreads to three more tracks today following Tomy Lee's sizzling performance at Keeneland.

Tomy Lee, rated the second best 2-year-old of 1958 behind First Landing, moved back into the derby picture with emphasis Friday when he stepped seven-eighths of a mile in track record time of 1:21 2-5 in winning the feature at the Lexington, Ky. track.

First Landing heads the field in today's $75,000 added Wood Memorial at Jamaica—richest of the weekend races for 3-year olds. A win for the colt could make him the derby favorite.

The 1⅛-mile Wood will be nationally televised (CBS 4-4:30 p.m. EST). It is the final Eastern prep for the derby.

As its part in the salute to 3-year olds, Tanforan offers the $35,000 added California Derby. The 1⅛-mile race attracted eight but only Finnegan and Royal Orbit rate Kentucky Derby consideration.

Cedar Brook, Rare Rice, Rico Tesio and Festival King are the derby eligibles in the $25,000 added Chesapeake Stakes at Laurel.

Potter Track Team Wins 3rd Straight At Midland

By CHUCK CRONIN
Review Sports Writer

Supremacy on the cinder path was reflected in East Liverpool High School's 72-46 track and field victory over Midland High School's Leopards under ideal conditions Friday afternoon at Midland.

The third straight victory in dual competition for Coach Bob Hedmond's Blue and White was unique in the fact that the Potters captured every running event.

Winning times were not the best of the season for the most part and Hedmond indicated after the meet that his sprint men were capable of "much better performances."

Rudy Krovoshia, a strong-legged senior, accumulated the bulk of Midland's first places. Krovoshia was a tripple winner by taking first in the pole vault with a leap of 10 feet, the high jump by soaring over the bar at 5 feet, 5-inches, and the broad jump with a leap of 17 feet, 9 inches.

Nick Susich took Midland's only other first places by hurling the discus 113 feet, 4½ inches, and lofting the shot put 42 feet, 11½ inches.

Fleet-footed Bob Mackall, the Potter flyer, remained undefeated in his sprint specialities with victories in the 100-yard dash and the 220-yard dash. The junior speedster was clocked at 10.5 in the "century" and came back later to win the 220-yard dash in a flat 24 seconds. Both times were about equal to previous efforts, although he won easily and was chased to the tape both times by a teammate.

Mackall, entered in only three events because of a bruised heel, also carried a leg in the Potters' crack half-mile relay foursome. Mackall had also seen duty in the broad jump in two previous meets.

The half-mile quartet was one bright spot in the overwhelming victory with a time of 1:36.7—bettering times set in victories over Wellsville and Beaver Local. Mackall ran "anchor," with leadoff man being Sheridan Battistelli, Charlie Davidson running second and Nick Musuraca third.

Surprising sophomore Bob Christian, a "find" of the season, had another good day by winning the 120-yard high hurdles and the 120-yard lows. Christen shaved his previous best effort in the high hurdles, winning in a time of 17.9. The lean sophomore won the high hurdles in 14.9, besting Musuraca in both events.

Slender distance star Warren Lincoln was another Potter to come through a double winner with victories in the mile and half-mile runs.

Lincoln broke on top fast as usual in the mile and pulled far ahead of the field to win in 4:57.8. Lincoln was "pushed" hard for the first lap in the 880-yard run by teammate Glen Mayes. Mayes faltered after one lap, finishing far in the rear, but Lincoln maintained his racehorse pace to defeat Midland's J. Muller by a good 10 yards.

In the 440-yard run—considered by many as the toughest running event—husky Bill O'Neil outdistanced the field to win in a good time of 55.1 seconds. Dave Betteridge ran second and Joe Thompson, a sophomore, was third.

The mile relay, the final event of the afternoon, found the Potters easily registering five points. O'Neil, who ran anchor for the event, flashed across the finish line about half-a-lap ahead of the Midland runner. Time was 3:53.

The victory saw Hedmond's Potters in their final dual meet of the season unless a date materializes with powerful Weirton. The Potter squad will participate in the Bellaire relays for their next outing.

The results follow:

120-YARD high hurdles—Christian (EL) won; Yeager (EL) second; Shulte (M), third. Time: 17.9.

Maybe Victory Today, Norman Says Of Tigers

CHICAGO (AP)—Maybe the Detroit Tigers will win a game today. Maybe.

Tiger Manager Bill Norman can't figure it out except that Detroit's six losses in as many games constitutes a slump — one that all clubs face sooner or later.

"We're in one at the beginning of the season," said Norman after his Tigers rapped out 14 hits including two home runs but still lost to the Chicago White Sox, 6-5, Friday.

"We finally got some hitting but couldn't get enough runs," moaned Norman. "We're not as bad as that. We're in a slump and it looks bad because it comes at the opening of the season."

Norman was irked because his club was getting so much attention over its losing streak.

"What are they saying about Pittsburgh. What about St. Louis?" asked Norman. Then, after a moment, he said:

"When you come down to it, we've been in all but one of those games. The only one we were out of was when Cleveland beat us 8-1.

"We could have won three of those games with a fly ball at the right time. Our pitching hasn't been that bad; otherwise we wouldn't have been in all those games.

"When our starters have failed," he continued, "our relievers have come through but you have to get runs for them to win.

"Every team hits a slump and we're having ours now. Maybe tomorrow will be our day. Maybe."

Teacher Seen Best U.S. Hope In Boston Race

BOSTON (AP)—John J. Kelley, a Groton, Conn., school teacher, looms as America's best bet to fight off the serious threats of talented foreign runners Monday in the 63rd Boston A.A. Marathon.

Kelley, 28, set the record of 2:20:5 with his victory in 1957, and finished second in both 1956 and 1958 over the tough 26-mile, 385-yard course.

Kelley's top competition this year is expected to come from three Japanese runners, two Finns, a Burmese and a Briton.

About 200,000 are expected to line the hilly course from Hopkinton to Exeter street, Boston.

Shaw Whiffs 17 Batters As Chester Wins, 15-2

Don Shaw gave up two home runs in the first inning, but from there went on to strike out 17 batters as Chester scored a 15-2 victory over South Side Friday afternoon at Chester City Park.

The victory was Chester's fourth in six starts.

The Panthers opened with three runs in the first inning, but pulled away with eight markers in the third frame.

South Side's only runs came on roundtrippers by Quentin Schmid and Golden.

After the two home runs, Shaw limited South Side to one hit through the remaining six innings.

Chester collected seven hits, but South Side committed seven errors to aid the Panthers.

Shaw also was the big gun at the plate by collecting three hits in four trips. One of his safeties went for a double.

While the eight-run third inning decided the contest, Chester scored single runs in the fourth and sixth and two runs in the fifth.

Brooks was the losing pitcher and gave up 10 walks during his brief stint.

Chester will play at East Liverpool Monday afternoon.

Indians Win 5th Straight Behind Brodowski's Relief, 4-3

Red Sox Blank Yanks; Chisox, Orioles Victors

By ED WILKS
Associated Press Sports Writer

It begins to look as though the Boston Red Sox not only brought up Dick Brodowski too soon, but that they also gave up on him too soon.

At the moment, the big right-hander has saved two of Cleveland's five victories and has claimed one for himself. He's done it with three hitless relief jobs for the Injuns, who remain unbeaten while everyone else in the American League has lost at least twice.

Now 26, Brodowski was hoisted from Class D by the Red Sox in 1953 and had a 5-5 record. Back from service in 1955, he was 1-0 and peddled to Washington. The Senators let him go after an 0-4 showing, but the Indians brought him back last season after a two-year, 26-16 record in the minors.

Combining his five appearances of last year with his 4 1-3 innings of work this season, Brodowski now has an improbable 0.00 earned run average for 14 1-3 consecutive innings of relief, in which he has given up just three hits.

He stretched that string with a two innings of perfect relief Friday night as the Indians beat Kansas City 4-3 for a one-game lead over Chicago. The White Sox twisted the Tigers' tail again with a 6-5 decision over winless Detroit. Boston blanked New York 4-0 on Tom Brewer's two-hit pitching, and Baltimore defeated Washington 4-3.

A double error by A's third baseman Hal Smith on Minnie Minoso's ground ball gave the Indians the tie-breaking run with two-out in the ninth at Cleveland.

Brewer, who was beaten in Boston's opener by Bob Turley's two-hitter, beat the Yankee ace in a return match.

Jim Rivera's pop, two-run double wrapped it up for the White Sox in the eighth inning, breaking a 4-4 tie against reliever Ray Narleski, now 0-3.

Three walks and a sacrifice fly from pinch hitter Gene Woodling gave the Orioles their tie-breaking run in the eighth off Washington's relief ace, Dick Hyde (0-1).

The junior speedster was clocked at 10.5 in the "century" and came back later to win the 220-yard dash in a flat 24 seconds. Both times were about equal to previous efforts, although he won easily and was chased to the tape both times by a teammate.

Mackall, entered in only three events because of a bruised heel, also carried a leg in the Potters' crack half-mile relay foursome. Mackall had also seen duty in the broad jump in two previous meets.

The half-mile quartet was one bright spot in the overwhelming victory with a time of 1:36.7—bettering times set in victories over Wellsville and Beaver Local. Mackall ran "anchor," with lead-off man being Sheridan Battistelli, Charlie Davidson running second and Nick Musuraca third.

Surprising sophomore Bob Christian, a "find" of the season, had another good day by winning the 120-yard high hurdles and the 120-yard lows. Christen shaved his previous best effort in the high hurdles, winning in a time of 17.9. The lean sophomore won the high hurdles in 14.9, besting Musuraca in both events.

Slender distance star Warren Lincoln was another Potter to come through a double winner with victories in the mile and half-mile runs.

Lincoln broke on top fast as usual in the mile and pulled far ahead of the field to win in 4:57.8. Lincoln was "pushed" hard for the first lap in the 880-yard run by teammate Glen Mayes. Mayes faltered after one lap, finishing far ed his racehorse pace to defeat Midland's J. Muller by a good 10 yards.

In the 440-yard run—considered by many as the toughest running event—husky Bill O'Neil outdistanced the field to win in a good time of 55.1 seconds. Dave Betteridge ran second and Joe Thompson, a sophomore, was third.

The mile relay, the final event of the afternoon, found the Potters easily registering five points. O'Neil, who ran anchor for the event, flashed across the finish line about half-a-lap ahead of the Midland runner. Time was 3:53.

The victory saw Hedmond's Potters in their final dual meet of the season unless a date materializes with powerful Weirton. The Potter squad will participate in the Bellaire relays for their next outing.

Maybe Victory Today, Norman Says Of Tigers

CHICAGO (AP)—Maybe the Detroit Tigers will win a game today. Maybe.

Tiger Manager Bill Norman can't figure it out except that Detroit's six losses in as many games constitutes a slump — one that all clubs face sooner or later.

"We're in one at the beginning of the season," said Norman after his Tigers rapped out 14 hits including two home runs but still lost to the Chicago White Sox, 6-5, Friday.

"We finally got some hitting but couldn't get enough runs," moaned Norman. "We're not as bad as that. We're in a slump and it looks bad because it comes at the opening of the season."

Norman was irked because his club was getting so much attention over its losing streak.

"What are they saying about Pittsburgh. What about St. Louis?" asked Norman. Then, after a moment, he said:

"When you come down to it, we've been in all but one of those games. The only one we were out of was when Cleveland beat us 8-1.

"We could have won three of those games with a fly ball at the right time. Our pitching hasn't been that bad; otherwise we wouldn't have been in all those games.

"When our starters have failed," he continued, "our relievers have come through but you have to get runs for them to win.

"Every team hits a slump and we're having ours now. Maybe tomorrow will be our day. Maybe."

Teacher Seen Best U.S. Hope In Boston Race

BOSTON (AP)—John J. Kelley, a Groton, Conn., school teacher, looms as America's best bet to fight off the serious threats of talented foreign runners Monday in the 63rd Boston A.A. Marathon.

Kelley, 28, set the record of 2:20:5 with his victory in 1957, and finished second in both 1956 and 1958 over the tough 26-mile, 385-yard course.

Kelley's top competition this year is expected to come from three Japanese runners, two Finns, a Burmese and a Briton.

About 200,000 are expected to line the hilly course from Hopkinton to Exeter street, Boston.

18,850 See Tribe Extend Streak To 5

CLEVELAND (AP) — An unexpected crowd of 18,850 baseball fans showed up at Municipal Stadium Friday night to watch the Cleveland Indians defeat Kansas City 4-3.

The victory was Cleveland's fifth straight. It kept them on top of the American League standings a game ahead of Chicago and two games ahead of New York and Boston.

Indians' officials, who not too long ago debated moving the Tribe because of dwindling attendance, were pleasantly jolted by the size of the turnout.

The weatherman provided a balmy spring evening with temperatures in the high 60s. And the largest April night crowd in the history of the lakefront stadium responded. The previous high was 16,957 on April 22, 1955.

Two errors on the same play by Kansas City third baseman Hal Smith allowed the Indians a ninth-inning run and the margin of victory.

With two outs, Smith fumbled Minnie Minoso's grounder and then threw wild to first base. Carroll Hardy scored from second.

Dick Brodowski relieved starter Gary Bell in the eighth inning and retired the six men he faced to earn his first victory. Bell gave up all three Athletics' runs by serving home run pitches to Whitey Herzog, Roger Maris and Smith.

Vic Power led an eight-hit assault on three A's pitchers with a homer and a single in four trips to the plate. George Strickland and Carroll Hardy, who entered the game as a pinch hitter, also collected two hits apiece.

Power's second - inning homer was the only Tribe hit to produce a run. The Indians scored a run in the fourth on a passed ball. Tom Gorman, who relieved the A's starter, Rip Coleman, walked pinch hitter Hal Naragon in the seventh with the bases loaded to provide another score.

Bud Daley followed Gorman to the hill and was charged with the loss.

Potters Whip Beavers For 5th Triumph, 12-3

A six - run uprising in the first inning when 11 swingers stepped to the plate paved the way for East Liverpool High's baseball nine to bounce Beaver Local, 12-3, Friday afternoon at the Beaver Local diamond.

It was the second straight game that Coach Rey Peduzzi's sluggers plated six runs in the opening inning, pulling the trick on Thursday while whipping Chester.

The Potters jumped on George Sachs of Beaver Local for five hits in the big first inning, with leadoff man Cookie Goodballet and center fielder Dave Goodballet going to the plate twice in the same inning.

Stocky Cookie Goodballet started the onslaught by leading off with a single. Dave Goodballet walked, and left fielder Ken Miller followed with another single. Dave Zelch got on on a fielder's choice, later scoring, with Buddy Myers and Seibert singling.

The lead was padded in the third inning when the Potters added five more runs on three hits, a walk, a sacrifice and a hit-batsman.

The big blow of the third inning was a double by Reynolds, who received credit for the Potter victory. Midway through the fourth, Sachs was sent to the showers in favor of Tom Shallenberger.

Shallenberger was very effective in his relief stint, walking only one batter and fanning eight. He was nicked for four hits, but struck out the side in the fourth inning.

Cliff Goodballet led the Potters at the plate by scoring three runs and banging a pair of singles. Ken Miller, Siebert and Adkins also stroked a pair of singles each.

The Potters are now 5-2 for the season.

Beaver Local's three runs came in the fourth inning when Reynolds was tagged for two singles and a long triple by Ensinger. Two errors by the Potters and a walk to Shallenberger also figured in the scoring of Coach Bobbie Bush's Beavers.

Thurm Allen collected two hits to lead the losers. Four other hits by the Beavers were off the bats of Ensinger, Pike and R. Dunn.

Reynolds, who was relieved in the sixth inning by Stanley, issued three walks and struck out five.

Shaw Whiffs 17 Batters As Chester Wins, 15-2

Don Shaw gave up two home runs in the first inning, but from there went on to strike out 17 batters as Chester scored a 15-2 victory over South Side Friday afternoon at Chester City Park.

The victory was Chester's fourth in six starts.

The Panthers opened with three runs in the first inning, but pulled away with eight markers in the third frame.

South Side's only runs came on roundtrippers by Quentin Schmid and Golden.

After the two home runs, Shaw limited South Side to one hit through the remaining six innings.

Chester collected seven hits, but South Side committed seven errors to aid the Panthers.

Shaw also was the big gun at the plate by collecting three hits in four trips. One of his safeties went for a double.

While the eight-run third inning decided the contest, Chester scored single runs in the fourth and sixth and two runs in the fifth.

Brooks was the losing pitcher and gave up 10 walks during his brief stint.

Chester will play at East Liverpool Monday afternoon.

Rawls And Suggs Tied At 143 For Dallas Open Lead

DALLAS, Tex. (AP) — The two top women golfers of the year—Betsy Rawls of Spartanburg, S.C., and Louise Suggs of Sea Island, Ga., were locked in a tie struggle for first place in the $10,000 Dallas Women's Open today.

Tied at 143 for 36 holes they enter the third round with the best records and the most money won this year. Miss Rawls has won three tournaments and finished second three times in 10 tries. Miss Suggs has won two and finished second three times.

In money won Miss Rawls leads the tour with $5,692.52—just $371.30 more than Miss Suggs in second place.

Friday Miss Rawls came from a deadlock for third place to a tie for first with a 1-under-par 70 while Miss Suggs, who had taken a 3-stroke lead in the first round with a 70, had 73.

The two were four strokes ahead of the field as the third round opened. Tied for third were Wiffi Smith of St. Clair, Mich., and Marlene Bauer Hagge of Pittsburgh, each with 147.

Derby Hopeful Tests Slated

By The Associated Press

The weekend racing program designed to test leading candidates for the May 2 running of the Kentucky Derby spreads to three more tracks today following Tomy Lee's sizzling performance at Keeneland.

Tomy Lee, rated the second best 2-year-old of 1958 behind First Landing, moved back into the derby picture with emphasis Friday when he stepped seven-eighths of a mile in track record time of 1:21 2-5 in winning the feature at the Lexington, Ky. track.

First Landing heads the field in today's $75,000 added Wood Memorial at Jamaica—richest of the weekend races for 3-year olds. A win for the colt could make him the derby favorite.

The 1⅛-mile Wood will be nationally televised (CBS 4-4:30 p.m. EST). It is the final Eastern prep for the derby.

As its part in the salute to 3-year olds, Tanforan offers the $35,000 added California Derby. The 1⅛-mile race attracted eight but only Finnegan and Royal Orbit rate Kentucky Derby consideration.

Cedar Brook, Rare Rice, Rico Tesio and Festival King are the derby eligibles in the $25,000 added Chesapeake Stakes at Laurel.

Kessler Hurls No-Hitter Over Augusta Nine

SALINEVILLE—Salineville high School played its first baseball game in several years, but Larry Keesler gave the fans one to remember as he pitched a no-hitter in Salineville's 11-4 win over Augusta here Friday.

Kessler, an all-around athlete at Salineville, struck out 15 Augusta batters in his no-hit performance.

Augusta scored its four runs on walks given up by Kessler, and errors.

Paul Kelly paced Salineville with a triple while Rich Dunlap and Larry Rogers smacked two-base hits.

Salineville will meet United Monday at Hanoverton.

Mizell Tames Giants, 4-1; Rain Halts Pirates And Braves

Cubs Rip Dodgers, 9-4, To Take Second Place

By ED WILKS
Associated Press Sports Writer

The way he mowed down the San Francisco Giants on four hits Friday night, maybe Wilmer (Vinegar Bend) Mizell has seen the errors of his ways.

Big Wilmer, a 6-3 southpaw, has been a star character in the St. Louis Cardinals' "home movie" scheme, in which they film their pitchers and batters in action to discover flaws. The Cards have developed a lot of film, but Mizell never has developed into the pitcher he was expected to be when he won 23 games in his first two seasons with the Red Birds, back in 1952-53.

Now in two starts, he's put together two complete games. He finished what he started only eight times last season, when he was 10-14.

His first try this season brought a 6-3 defeat as the Giants swept a three-game set at St. Louis. But while giving up 13 hits, he gave up only four earned runs.

Friday night he didn't give up a run at all for 8 1-3 innings, finally coming off with a 4-1 victory at San Francisco. Orlando Cepeda, who had two of the Giants' hits, junked the shutout with his fourth home run of the season in the ninth.

In other National League games unbeaten Milwaukee and winless Pittsburgh played a 2-2 tie halted by rain after nine innings. The Chicago Cubs bombed Los Angeles 9-4 and took second place as Cincinnati slipped to third with a 5-1 defeat by Philadelphia.

The Cardinals chased young Mike McCormick (0-1) with a two-run first inning when the first four men hit safely.

Solo home runs by Lee Walls and Ernie Banks and a two-run shot by Walt Moryn powered the Cubs at Los Angeles. Walls' sacrifice fly capped a three-run seventh that gave the Cubs a 4-all tie. Three more runs in the eighth put it away.

Wes Covington's double off the first base bag gave the Braves their two runs in the third off southpaw Harvey Haddix, but the Pirates then caught up with Bob Rush on home runs by Dick Groat and Roberto Clemente before the rains came. The game will be replayed from scratch.

Phillies Cuff 4 Red Hurlers For 5-1 Win

CINCINNATI (AP)—Cincinnati's Reds have one solid front - line pitcher—Bob Purkey. The 10 others are still big question marks in the still-young National League season.

Philadelphia's Phils, a nearly unanimous pick to finish in the cellar, cuffed four Cincinnati hurlers freely Friday night hammering out a 12-hit, 5-1 victory.

Cincinnati's hitting power, rated bigger and better this season, was nowhere in evidence Friday night. Three singles were the best the Rhinelanders could do.

Back in the bright, brave days of spring training, the Redleg throwing corps looked like a fairly capable crew.

The trouble with a game like Friday night is that it recalls the dark days of last season when the Reds floundered around in the cellar and the then manager, Birdie Tebbetts, was often shuttling pitchers on and off the mound briskly.

Brooks Lawrence, who said in spring training he was in great shape, was the Reds' starter Friday night, and quickly ran into trouble. Two straight singles, by George Anderson and Richie Ashburn, started the Phils off. One run came while the Reds whipped off a double-play, but Harry Anderson homered before Lawrence shut down the inning.

Catcher Willie Jones banged a leadoff homer for Philadelphia in the second inning. Lawrence was tagged with two more straight singles in the third before he went off to the showers and Tom Acker took over.

Two more Philly runs cropped up before Acker hit his stride. He walked Harry Anderson purposely and Wally Post hit a two-run double before the inning closed.

Acker and Willard Schmidt, who took over for two innings in the sixth, had little trouble. But Reds' reliefer Hal Jeffcoat was in hot water in both the eighth and the ninth innings, although he wiggled out of trouble both times.

The Red's only run came in the fifth. Pinchhitter Don Newcombe drew a walk and after Johnny Temple sacrificed, Gus Bell singled a pinch runner home.

Mizell Tames Giants, 4-1; Rain Halts Pirates And Braves

Cubs Rip Dodgers, 9-4, To Take Second Place

By ED WILKS
Associated Press Sports Writer

The way he mowed down the San Francisco Giants on four hits Friday night, maybe Wilmer (Vinegar Bend) Mizell has seen the errors of his ways.

Big Wilmer, a 6-3 southpaw, has been a star character in the St. Louis Cardinals' "home movie" scheme, in which they film their pitchers and batters in action to discover flaws. The Cards have developed a lot of film, but Mizell never has developed into the pitcher he was expected to be when he won 23 games in his first two seasons with the Red Birds, back in 1952-53.

Now in two starts, he's put together two complete games. He finished what he started only eight times last season, when he was 10-14.

His first try this season brought a 6-3 defeat as the Giants swept a three-game set at St. Louis. But while giving up 13 hits, he gave up only four earned runs.

Friday night he didn't give up a run at all for 8 1-3 innings, finally coming off with a 4-1 victory at San Francisco. Orlando Cepeda, who had two of the Giants' hits, junked the shutout with his fourth home run of the season in the ninth.

In other National League games unbeaten Milwaukee and winless Pittsburgh played a 2-2 tie halted by rain after nine innings. The Chicago Cubs bombed Los Angeles 9-4 and took second place as Cincinnati slipped to third with a 5-1 defeat by Philadelphia.

The Cardinals chased young Mike McCormick (0-1) with a two-run first inning when the first four men hit safely.

Solo home runs by Lee Walls and Ernie Banks and a two-run shot by Walt Moryn powered the Cubs at Los Angeles. Walls' sacrifice fly capped a three-run seventh that gave the Cubs a 4-all tie. Three more runs in the eighth put it away.

Wes Covington's double off the first base bag gave the Braves their two runs in the third off southpaw Harvey Haddix, but the Pirates then caught up with Bob Rush on home runs by Dick Groat and Roberto Clemente before the rains came. The game will be replayed from scratch.

Phillies Cuff 4 Red Hurlers For 5-1 Win

CINCINNATI (AP)—Cincinnati's Reds have one solid front - line pitcher—Bob Purkey. The 10 others are still big question marks in the still-young National League season.

Philadelphia's Phils, a nearly unanimous pick to finish in the cellar, cuffed four Cincinnati hurlers freely Friday night hammering out a 12-hit, 5-1 victory.

Cincinnati's hitting power, rated bigger and better this season, was nowhere in evidence Friday night. Three singles were the best the Rhinelanders could do.

Back in the bright, brave days of spring training, the Redleg throwing corps looked like a fairly capable crew.

The trouble with a game like Friday night is that it recalls the dark days of last season when the Reds floundered around in the cellar and the then manager, Birdie Tebbetts, was often shuttling pitchers on and off the mound briskly.

Brooks Lawrence, who said in spring training he was in great shape, was the Reds' starter Friday night, and quickly ran into trouble. Two straight singles, by George Anderson and Richie Ashburn, started the Phils off. One run came while the Reds whipped off a double-play, but Harry Anderson homered before Lawrence shut down the inning.

Catcher Willie Jones banged a leadoff homer for Philadelphia in the second inning. Lawrence was tagged with two more straight singles in the third before he went off to the showers and Tom Acker took over.

Two more Philly runs cropped up before Acker hit his stride. He walked Harry Anderson purposely and Wally Post hit a two-run double before the inning closed.

Acker and Willard Schmidt, who took over for two innings in the sixth, had little trouble. But Reds' reliefer Hal Jeffcoat was in hot water in both the eighth and the ninth innings, although he wiggled out of trouble both times.

The Red's only run came in the fifth. Pinchhitter Don Newcombe drew a walk and after Johnny Temple sacrificed, Gus Bell singled a pinch runner home.

Textile Mill Strike Ends

HENDERSON, N.C. (AP) — A sudden, mighty cheer rose from scores of throats. Bitter tensions evaporated in a giddy whirl of joy. Henderson's violence-wracked five-month textile mill strike was ended.

This industrial city of 16,000 heard the news Friday night from a conference hall where white-haired Gov. Luther Hodges, an ex-industrialist, reached an agreement with officials of the Harriet-Henderson Cotton Mills and the striking Textile Workers Union of America in 3½ hours of negotiations.

It is an agreement, union leader Boyd Payton asserted, "we can live under." But, he told a crowd assembled in the bright moonlight outside the company's main office. "Everybody is not going to work Monday morning."

What it did mean, according to Payton's remarks, is that strikers will make up the second and third shifts that President John D. Cooper Jr. of the company plans soon to resume. About 400 nonstrikers, who faced verbal abuse and occasional barrages of pop bottles and rocks from the picket lines, will keep their jobs on the first shift, which has been operating since Feb. 16.

Wages were not an issue. Cooper's objection to renewing the contract that expired last year was a clause that all work disputes had to be decided by a third party. After the two mills reopened on a limited basis, the rights of nonstrikers and the union dues checkoff also became issues. Under the agreement, the arbitration issue was compromised.

Cooper, who said he would have liquidated the business "before I gave in to them," declined comment on the agreement. It must be ratified at a union meeting Sunday but the membership had given its negotiating committee full powers to act.

For most of the 1,200 union members the agreement meant the end of five months without pay.

Jaycees Will Hear District Executive

The nominating committee will report. Election of officers will be held May 18.

A film on city planning and development will be screened. Charles Shriver, president, will preside.

Crucible Sets Safety Mark

The Crucible Steel Co's Midland Works Friday completed 3 million manhours of work without a disabling injury.

This qualifies the plant for a top honor award by the National Safety Council. The award will be presented to the plant in the near future.

The record safety performance began Jan. 29. The last time the Midland Works established a similar record was in 1956 when employes chalked up 3,786,093 manhours without a disabling injury.

In 1954, the plant set an all-time safety record of 4,008,119 manhours, following this up in the same year with 3,566,820 manhours.

"Nothing is more gratifying than to set records of safety," said George Burrier, works manager. "Crucible's Midland plant has always enjoyed the reputation as a safe place in which to work, and such safety records as this one are a tribute to the Work's employes and the company's safety program.

"Now, we are hoping to extend this record to at least another million manhours of safe operation," he said. Midland Works employs close to 7,000.

Simulated Missile War Being Held With Cards

WASHINGTON (AP) — A simulated aerial missile war is being staged by the aircraft industry with a stack of punched cards, says Planes, official publication of the Aircraft Industries Assn.

The magazine says the object of the program is to provide much of the flight data necessary for engineering study.

The punched cards, representing all the operations in the air defense missile's ground guidance equipment as well as the performance characteristics of the missile and target aircraft, are fed into electronic data processing machines, and duplicates the flight of a missile to within 200 feet of an actual flight path.

One hundred and thirty vaccinations and 58 shots were given at a third round clinic at Columbiana Schools Friday, Dr. Palmer said.

The second was at 6:15 p. m. along Route 39, about three-quarters of a mile from city limits.

Textile Mill Strike Ends

HENDERSON, N.C. (AP) — A sudden, mighty cheer rose from scores of throats. Bitter tensions evaporated in a giddy whirl of joy. Henderson's violence-wracked five-month textile mill strike was ended.

This industrial city of 16,000 heard the news Friday night from a conference hall where white-haired Gov. Luther Hodges, an ex-industrialist, reached an agreement with officials of the Harriet-Henderson Cotton Mills and the striking Textile Workers Union of America in 3½ hours of negotiations.

It is an agreement, union leader Boyd Payton asserted, "we can live under." But, he told a crowd assembled in the bright moonlight outside the company's main office. "Everybody is not going to work Monday morning."

What it did mean, according to Payton's remarks, is that strikers will make up the second and third shifts that President John D. Cooper Jr. of the company plans soon to resume. About 400 nonstrikers, who faced verbal abuse and occasional barrages of pop bottles and rocks from the picket lines, will keep their jobs on the first shift, which has been operating since Feb. 16.

Wages were not an issue. Cooper's objection to renewing the contract that expired last year was a clause that all work disputes had to be decided by a third party. After the two mills reopened on a limited basis, the rights of nonstrikers and the union dues checkoff also became issues. Under the agreement, the arbitration issue was compromised.

Cooper, who said he would have liquidated the business "before I gave in to them," declined comment on the agreement. It must be ratified at a union meeting Sunday but the membership had given its negotiating committee full powers to act.

For most of the 1,200 union members the agreement meant the end of five months without pay.

A film on city planning and development will be screened. Charles Shriver, president, will preside.

Crucible Sets Safety Mark

The Crucible Steel Co's Midland Works Friday completed 3 million manhours of work without a disabling injury.

This qualifies the plant for a top honor award by the National Safety Council. The award will be presented to the plant in the near future.

The record safety performance began Jan. 29. The last time the Midland Works established a similar record was in 1956 when employes chalked up 3,786,093 manhours without a disabling injury.

In 1954, the plant set an all-time safety record of 4,008,119 manhours, following this up in the same year with 3,566,820 manhours.

"Nothing is more gratifying than to set records of safety," said George Burrier, works manager. "Crucible's Midland plant has always enjoyed the reputation as a safe place in which to work, and such safety records as this one are a tribute to the Work's employes and the company's safety program.

"Now, we are hoping to extend this record to at least another million manhours of safe operation," he said. Midland Works employs close to 7,000.

Simulated Missile War Being Held With Cards

WASHINGTON (AP) — A simulated aerial missile war is being staged by the aircraft industry with a stack of punched cards, says Planes, official publication of the Aircraft Industries Assn.

The magazine says the object of the program is to provide much of the flight data necessary for engineering study.

The punched cards, representing all the operations in the air defense missile's ground guidance equipment as well as the performance characteristics of the missile and target aircraft, are fed into electronic data processing machines, and duplicates the flight of a missile to within 200 feet of an actual flight path.

Mayor Addresses Lions Club

Funds For Freeway Seen Problem

How to pay the city's share of the first phase of the proposed arterial highway from the California Hollow city limits to W. 3rd St. still remains to be solved and is not included in the administration's proposed capital improvements program to be financed with revenue from the municipal income tax, Mayor Fred P. Lawrence said Friday.

Responding to questions from William C. Heasley at the luncheon meeting of the Lions Club, Mayor Lawrence said the question of paying for the city's share "is a very good one."

—:—

HEASLEY, safety - service director when Arnold Devon was mayor, is campaign chairman for Robert Owen, Democratic mayoralty candidate.

The problem is the reason the administration is exploring all sources of revenue, including the possibility of restoring tolls on the Chester bridge, the mayor continued.

Mayor Lawrence said a study of financing the freeway cost will be continued before any decision is reached. The administration wants to minimize the issuance of long - term bonds because the interest payments would double the city's cost.

"The latest estimate on the newest proposed design" of the freeway sets the overall cost at $4,800,000 with the city's share amounting to roughly 9 per cent, the mayor continued. (Based on those figures, the city's share would be $432,000.)

—:—

ASKED BY HEASLEY why the cost has increased, the mayor commented both the state and federal highway specifications have been increased since the original survey was made.

The mayor later said another reason for the increased cost is that an additional four - tenths of a mile was added to the roadway, at the state's request, so that it would link with the state's proposed relocation of Routes 7 and 30 through California Hollow.

Lawrence said the State Highway Department has given no indication of a change in plans in proceeding with the highway. The department has given the project a "C" priority, indicating it will let the contract sometime next spring or summer.

Depending on when the contract is awarded, the project will require about 18 months to complete.

—:—

IN REVIEWING the city's finances, Mayor Lawrence said the present income is sufficient to keep operations at the present level but there are no funds to go beyond that.

The city is "woefully lacking" in capital improvements, the mayor explained, pointing out it has 90 miles of unpaved streets, equivalent to "a dirt road from here almost to Cleveland."

It is extremely difficult to maintain the dirt streets with the limited equipment and manpower available, the mayor added, pointed out the street department crews also must maintain 47 miles of paved streets.

The only conclusion that can be drawn, if the city is to improve, is to secure additional funds. The municipal income tax is the most equitable method of raising the money needed for capital improvements, he added.

Some cities have higher property taxes than East Liverpool's 30.4 mills and still have an income tax, he continued.

—:—

LAWRENCE SAID THE capital improvements program he has proposed would cover five years of major improvements and repairs for needed equipment if the funds are made available.

Reviewing some of the projects proposed, Lawrence said the estimated cost of $320,000 for repaving St. Clair Ave. "is the best available estimate short of actual bids" and was secured from the city engineer and comparable sources.

The estimate is based on a 32-foot concrete roadway, declaring he believes concrete is preferable to blacktop because it would result in less future maintenance costs.

"If we are penny wise and pound foolish, any improvement could deteriorate and again impose a severe maintenance problem on the city," Lawrence said.

The program still calls for property owners to share in the cost but the property owners' share would be "drastically reduced, in most cases about 50 per cent," the mayor continued.

—:—

THE USUAL formula calls for the city to pay 2 per cent of the total cost plus the cost of intersections.

The program also calls for rebuilding Avondale St., also using concrete. Where there is heavy traffic or a hillside, blacktop "washboards," particularly in hot weather, from the braking action of vehicles.

It also provides for repairs to Anderson Blvd. and River Rd., repair of retaining walls on Pennsylvania Ave., general blacktopping of streets where sought by property owners, with the cost being divided equally, a blademix comparable to that used in the townships for dirt streets, also when requested by residents on the same cost.

—:—

OILING OF DIRT streets would continue and blacktopped streets would be seal - coated when required, he continued.

The city also is in need of a heavy duty grader, spreader, roller, sewer cleaning equipment and replacement of a 29 - year - old fire pumper.

Abandoned under the present proposal, in order to pare down costs, was a plan for each department to set up an equipment replacement fund so that when funds are needed for new equipment some money would be available, Lawrence said.

As an example, if a cruiser replacement fund was set up in the police department, the purchase wouldn't be such a critical problem when the time arrived, he explained.

The mayor said the program also provides for a sanitary landfill, declaring it would be a more satisfactory method to acquire a site which then would become a potential recreational area when filled.

One of the most important features would be the development of a "master plan" for the city, Lawrence said.

—:—

UNTIL A "MASTER plan" is developed, a proper zoning law cannot be enacted and until a zoning law is established there is no control over the building of commercial or residential property in any area.

The city cannot qualify for federal assistance under the urban redevelopment program until it has an approved plan, the mayor added.

Safety - Service Director Joseph Ross also spoke briefly, discussing the contemplated additional personnel and wages.

The proposed new personnel and a wage increase would "cost close to $100,000," the director said, emphasizing that it does not apply to elected officials.

Under the plan, three firemen would be added to the department and five additional men are needed for the police department, Ross said.

—:—

"TO ACCOMPLISH something constructive on the streets, six or seven more men are needed for the street department," he declared. The administration also would like to have a dog warden on duty to answer complaints about dogs.

Leo C. Lawrence, program chairman, introduced the mayor and director.

Scholarship Bids Under Polio Fund Due In By May 1

East Liverpool district high school and college students were reminded today that May 1 is the deadline for applications for 1959-60 scholarships under a new $12 million program set up by the National Foundation, which is supported by money contributed annually in the March of Dimes.

Formerly known as the National Foundation for Infantile Paralysis, the organization will offer 500 scholarships annually in five health fields: Medicine, medical social work, nursing, physical therapy and occupational therapy. Each award will provide $500 a year — a total of $2,000 for college training.

Details of the new program were announced locally by Richard G. Brian, who was southern county chairman for the 1959 March of Dimes drive in January.

Scholarships are offered to states on a population basis, with no state receiving less than five—one for each of the health professions included in the program.

The National Foundation's headquarters is at 800 2nd Ave., New York, 17, N. Y. Students may obtain application forms at their schools or write direct to the national headquarters, requesting a "health scholarship" form, Brian said.

Mayor Addresses Lions Club

Funds For Freeway Seen Problem

How to pay the city's share of the first phase of the proposed arterial highway from the California Hollow city limits to W. 3rd St. still remains to be solved and is not included in the administration's proposed capital improvements program to be financed with revenue from the municipal income tax, Mayor Fred P. Lawrence said Friday.

Responding to questions from William C. Heasley at the luncheon meeting of the Lions Club, Mayor Lawrence said the question of paying for the city's share "is a very good one."

'Flying Deacon' Combines Cockpit, Pulpit Successfully

By DAN TEDRICK

DENVER, Colo (AP) — Twenty years ago a prankster splashed the words "Flying Deacon" in bright paint across the fuselage of Frank Swaim's training plane.

Swaim laughed along with his buddies in the naval flight training program for he knew they were showing more pride then foolery. Swaim felt good.

Now Swaim, a commercial airline pilot, might better be called "The Flying Minister" for he successfully combines the cockpit with the pulpit as an ordained minister.

The 45-year-old Swaim found his thoughts turning to religion in the late 1930s while he was flying alone over the Pacific. He felt he was losing some of the satisfaction he got in flying.

"What if I should die?" he asked himself. "I'm not prepared."

He talked to a minister in Pensacola, Fla., and then, enthused, he began to pour his spare time into intensive study of the Bible.

The study continued for eight years while he was in the Navy, three more as a commercial airline pilot in Chicago and another two as an Air Force transport pilot.

He was ordained a minister of the Church of Christ in 1956.

Along with his wife and two sons, Swaim also conducts his own Bible reading correspondence course with 208 students across the country.

The course is an expensive proposition but Swaim pays every penny from his pilot-captain's checks.

Any honorarium he gets from volunteer relief preaching is turned over to a church cause such as the York (Neb.) Christian College and the Ibaraki (Japan) Christian College.

Provided, however, that where any portion of said tax shall have been paid by such taxpayer pursuant to the provisions of Section 5 and/or Section 6 of this Ordinance, credit for the amount so paid shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing said final return.

C. The return of an employer or employers showing the amount of tax deducted by said employer or employers from the salaries, wages or compensation of any employees, and paid by him or them to the City Treasurer, shall be accepted as the return required of any employee whose sole income subject to the tax of six-tenths of one per cent, is such salary, wages or compensation.

D. Upon written request of the taxpayer, the City Treasurer may extend the time for filing the annual return for a period of not more than six months or not more than thirty days beyond any extension requested of and granted by the Bureau of Internal Revenue for the filing of the Federal Income Tax Return.

SECTION 5. COLLECTION AT SOURCE.

Each employer within the City of East Liverpool who employs within the City one or more persons on a salary, wage, commission or other compensation basis, excluding exempted incomes set forth in Section 14 of this Ordinance, shall deduct at the time of the payment of such salary, wage, commission or other compensation, the tax of six-tenths of one per cent, of salaries, wages, commissions or other compensation due by the said employer to the said employee and shall make a return and pay to the City Treasurer the amount of taxes so deducted as follows:

A. For the three (3) months ending March 31st, on or before April 30th;

B. For the three (3) months ending June 30th, on or before July 31st;

C. For the three (3) months ending September 30th on or before October 31st;

D. For the three (3) months ending December 31st, on or before the following January 31st.

Said return shall be on a form prescribed by the City Auditor and furnished by the City Treasurer. Such employer, in collecting said tax, shall be deemed to hold the same as trustee for the benefit of the City of East Liverpool until payment is made by such employer to the City of East Liverpool, and any such tax collected by such employer from his employees shall, until the same is paid to the City of East Liverpool, be deemed a trust fund in the hands of such employer.

SECTION 6. DECLARATIONS.

Every taxpayer who anticipates any income which is not subject to the provisions of Section 5 hereof shall file a declaration of the estimated tax for the taxable year of 1959. Such declaration shall be filed on or before July 15, 1959, and thereafter a similar declaration shall be filed for each calendar year on or before April 15 of each ensuing year for the duration of the taxes referred to herein, by all such taxpayers.

Such declaration shall be filed upon a form prescribed by the City Auditor and furnished by the City Treasurer, which form may simply state that the figures used in making such declaration are the figures used in making the declaration of the estimate for the Federal Income Tax, provided that it is understood that such figures may be modified according to the provisions of this Ordinance so that the declaration required by this section shall set forth only such income as is taxable under the provisions of this Ordinance.

The declaration to be filed on April 15 of each year shall be accompanied by payment of at least one-fourth of the estimated annual tax, and at least a similar amount shall be paid on or before June 30th, September 30th and December 31st of such year. Provided, however, that such estimate may be amended at the time of the making of any quarterly payment, and further provided that on or before April 15 of the year following that for which declaration was filed, a final return shall be filed and any balance which may be due the City of East Liverpool shall be paid therewith. Should it appear that such taxpayer has paid more than the amount of tax to which the City of East Liverpool would be entitled, a refund of the amount so over paid shall be made, or same may be applied toward the declaration of tax due for the ensuing year.

SECTION 6-A. RECIPROCITY PROVISION. CREDIT FOR TAX PAID TO OTHER MUNICIPALITIES.

1. Notwithstanding any other provisions of this Ordinance, when a non-resident of East Liverpool is subject to the tax imposed by this Ordinance and is also subject to tax on the same income in the municipality of his residence, a credit of 50 per cent of the tax due under this Ordinance or 50 per cent of the tax due under the Ordinance of such other municipality, whichever is the lesser, shall be allowed against the tax due under this Ordinance, provided however, that such credit shall not be allowed unless such other municipality imposes on its residents a tax on the same income and reciprocal provision is made in the Ordinance of such other municipality granting to non-residents thereof a credit of not less than the percentage provided for herein against the tax levied thereby, and provided further that such reciprocal credit shall not be allowed unless such non-resident is liable and has acknowledged such liability in the municipality of his residence for any tax due after such reciprocal credit is allowed, and the municipality of his residence furnishes evidence of payment of tax therein or evidence of assignment by the taxpayer of his claim for reciprocal credit to such other municipality.

The credit allowed a non-resident under this paragraph may be assigned to the municipality of his residence and the amount of such credit paid to such other municipality in such manner as the City Treasurer of the City of East Liverpool may prescribe.

2. (a) When a resident of East Liverpool is subject to a municipal income tax in another municipality on the same income taxable under this Ordinance, a credit shall be allowed against East Liverpool income tax of the amount of net tax for which he is liable under the Ordinance of such other municipality, but such credit shall not exceed 50 per cent of the tax due hereunder.

(b) In the event an East Liverpool resident is entitled to a reciprocity credit under the Ordinance of another municipality, or is entitled to credit for taxes paid another municipality, such East Liverpool resident is required to file a return or form in such manner as the City Treasurer of the City of East Liverpool may prescribe.

Assignment of any claim for refund to which an East Liverpool resident may be entitled from another municipality shall be tentatively accepted as payment of that portion of East Liverpool income tax represented by such assignment. Provided, however, if satisfactory evidence is offered that the taxpayer is entitled to the claim covered by the assignment, such taxpayer shall not be deprived of credit therefor because of fault or neglect on the part of either municipality.

In the event such East Liverpool resident fails, neglects or refuses to file such return or form as is prescribed by the City Treasurer, he shall not be entitled to such credit and shall be considered in violation of this Ordinance for failure to file a return and make payment of taxes due hereunder.

3. Any claims for credit for income taxes paid another municipality on the same income taxable hereunder, or claim for or assignment of any refund due to the credit provided for herein, must be filed with the City Treasurer of the City of East Liverpool on or before December 31st of the year following that for which such credit is claimed, provided that, in the case such claim for reciprocity refund shall have been assigned to the municipality or residence, such municipality of residence shall file a claim for refund with the City Treasurer of the City of East Liverpool on or before January 31st following. Failure to file such claim for reciprocity credit or refund, or assignment thereof, within the time prescribed herein shall render such credit, claim for refund, or assignment null and void.

SECTION 7. ADMINISTRATION. DUTIES OF CITY AUDITOR AND CITY TREASURER.

The taxes imposed and levied pursuant to the provisions of this Ordinance, shall be administered by such deputies and clerks within the City Treasurer's Department as may be from time to time determined by the Council of the City of East Liverpool.

The City Auditor shall prescribe the form of accounts and reports to be rendered to his office, the form and method of keeping account within the income tax office. The City Auditor shall be charged with the interval audit of all accounts and returns, including the correction of the returns.

The City Treasurer shall demand, collect and receive the tax imposed by this Ordinance. The City Treasurer shall keep an accurate record showing the amount received from each taxpayer and the date of said receipt. The City Treasurer shall make a written report to Council each quarter of all monies collected hereunder during the preceding quarter.

SECTION 8. The City Treasurer, or any authorized employee, is hereby authorized to examine the books, papers and records of any employer, or of any taxpayer or person subject to the tax, for the purpose of verifying the accuracy of any return made, or, if no return was made, to ascertain the tax due. Every such employer, supposed employer, taxpayer or supposed taxpayer, is hereby directed and required to furnish to the City Treasurer, or his duly authorized agent or employee, the means, facilities and opportunity for making such examination and investigations as are hereby authorized.

The City Treasurer, or his duly authorized agent or employee, is hereby authorized to examine any person, employer or employee under oath, concerning any income which was or should have been returned for taxation, and for this purpose may compel the production of books, papers and records and the attendance of all persons before him, whether as parties or witnesses, whenever he believes such persons have knowledge of such income.

The refusal of such examination by any employer, employee or person subject or presumed to be subject to the tax shall be deemed a violation of this Ordinance.

Tax returns and all audit papers and information connected therewith are confidential and shall be carefully preserved so that they shall not be available for inspection by anyone other than the proper agents of the City of East Liverpool for official purposes.

Any information gained as the result of any returns, investigations, hearings or verifications required or authorized by this Ordinance shall be confidential, except for official purposes, and except in accordance with proper judicial order. Any person divulging such information shall, upon conviction thereof, be deemed guilty of a misdemeanor and shall be subject to a fine or penalty of not more than Five Hundred Dollars ($500.00) or imprisoned for not more than six (6) months in the city jail, or both such fine and imprisonment for such offense. In addition to the above penalties, any employee of the City of East Liverpool who violates the provisions of this section relative to disclosures of confidential information shall be immediately dismissed from the service of the City.

SECTION 9. INTEREST AND PENALTIES.

All taxes imposed by this Ordinance, including taxes withheld from wages by an employer and remaining unpaid after they have become due, shall bear interest on the amount of the unpaid tax at the rate of six per cent (6%) per annum, and the taxpayers upon whom said taxes are imposed, and the employers required by this Ordinance to deduct, withhold and pay taxes imposed by the Ordinance shall be liable, in addition thereto, to a penalty of one-half of one per cent of the amount of the unpaid tax for each month or fraction of month for the first six months of non-payment, or Five Dollars ($5.00), whichever is the greater. The City Treasurer may waive or remit any such interest or penalties as he, in his discretion, deems proper.

SECTION 10. COLLECTION OF UNPAID TAXES.

All taxes imposed and administered by this Ordinance shall be collectible together with any interest and penalties thereon, by suit, as other debts of like amount are recoverable.

When a final return is filed as prescribed in Section 4 hereof and a deficiency is determined to be due to the City of East Liverpool, action to collect the same shall not be commenced after two (2) years from the due date of said return, and when a taxpayer fails to file a return, action to collect tax due to the City of East Liverpool shall not be commenced after five (5) years from the due date of said return.

All applications for refund shall be made within six (6) months of the due date of a final return or shall be forever barred thereafter. Provided, however, an extension may be granted by the City Treasurer on written application.

SECTION 11. VIOLATIONS, PENALTIES.

Any person, firm or corporation who shall fail, neglect or refuse to make any return, questionnaire or declaration required by this Ordinance, or any taxpayer who shall refuse to pay the tax, penalties and interest imposed by this Ordinance, or any person who shall refuse to permit the City Treasurer, or any duly authorized agent or employee, to examine his books, records and papers, or who shall knowingly make any incomplete, false or fraudulent return, or who shall attempt to do anything whatever to avoid the payment of the whole or any part of the tax, shall be guilty of a misdemeanor and shall be fined not more than One Hundred Dollars ($100.00) or imprisoned for not more than sixty (60) days, or both. The failure of any employer or taxpayer to receive or procure a return, questionnaire or declaration form shall not excuse him from making a return, questionnaire or declaration or from paying the tax.

SECTION 12. ALLOCATION OF FUNDS.

The funds collected under the provisions of this Ordinance shall be disbursed as follows, to-wit:

1. Not more than forty (40) per cent of net available income tax receipts received annually shall be used to defray operating expenses of the City, including the income tax division of the Treasurer's Office.

2. The balance of net available income tax receipts received annually shall be set aside annually and be used for capital improvements for the City including, but not limited to, street improvements.

SECTION 13. This Ordinance shall not apply to any person, firm, corporation or to any property as to whom or which it is beyond the power of City Council of the City of East Liverpool to impose the tax herein provided for. If any sentence, clause, section or part of this Ordinance, or any tax against any individual or any of the several groups specified herein is found to be unconstitutional, illegal or invalid, such clause, sentence, section or part of this Ordinance shall not affect or impair any of the remaining provisions, sentences, clauses, sections or other parts of this Ordinance. It is hereby declared to be the intention of the Council of the City of East Liverpool that this Ordinance would have been adopted had such unconstitutional, illegal or invalid sentence, clause, section or part thereof not been included herein.

SECTION 14. EXEMPTIONS.

The provisions of this Ordinance shall not be construed as levying a tax upon the following:

1. Funds received from local, state or federal governments because of service in the Armed Forces of the United States by the person rendering such service, or as a result of another person rendering such service.

2. Poor relief, pensions, unemployment compensation or similar payments, including disability benefits received from private industry or local, state or federal governments, or from charitable, religious or educational organizations.

7. Gains from involuntary conversions, cancellation of indebtedness, interest on federal obligations, items of income already taxed by the State of Ohio, and income of a decedent's estate during the period of administration (except such income from the operation of a business).

8. Earnings and income of all persons under 16 years of age, whether residents or non-residents.

9. Employment of duly enrolled full-time students by their school, college, university or any public library and services performed by student nurses and hospital interns.

SECTION 15. REFUNDS.

Should it appear that any taxpayer has paid more than the amount of tax to which the City of East Liverpool is entitled under the provisions of this Ordinance, a refund of the amount so overpaid shall be made, provided a proper claim for refund of such overpayment of tax has been filed by the taxpayer.

SECTION 16. The Ordinance shall continue effective insofar as the levy of taxes is concerned until December 31, 1962, provided, however, that annual returns for the year ending December 31, 1962, shall be filed on or before April 15, 1963. 'Flying Deacon' Combines Cockpit, Pulpit Successfully

By DAN TEDRICK

DENVER, Colo (AP) — Twenty years ago a prankster splashed the words "Flying Deacon" in bright paint across the fuselage of Frank Swaim's training plane.

Swaim laughed along with his buddies in the naval flight training program for he knew they were showing more pride then foolery. Swaim felt good.

Now Swaim, a commercial airline pilot, might better be called "The Flying Minister" for he successfully combines the cockpit with the pulpit as an ordained minister.

The 45-year-old Swaim found his thoughts turning to religion in the late 1930s while he was flying alone over the Pacific. He felt he was losing some of the satisfaction he got in flying.

"What if I should die?" he asked himself. "I'm not prepared."

He talked to a minister in Pensacola, Fla., and then, enthused, he began to pour his spare time into intensive study of the Bible.

The study continued for eight years while he was in the Navy, three more as a commercial airline pilot in Chicago and another two as an Air Force transport pilot.

He was ordained a minister of the Church of Christ in 1956.

Along with his wife and two sons, Swaim also conducts his own Bible reading correspondence course with 208 students across the country.

The course is an expensive proposition but Swaim pays every penny from his pilot-captain's checks.

Any honorarium he gets from volunteer relief preaching is turned over to a church cause such as the York (Neb.) Christian College and the Ibaraki (Japan) Christian College.

B. On all salaries, wages, commissions and other compensation earned by non-resident individuals of the City of East Liverpool, for work done or services performed or rendered in the City of East Liverpool.

C. On the net profits attributable to East Liverpool of all resident unincorporated businesses, professions and other activities derived from work done or services rendered or performed and business or other activities conducted in the City of East Liverpool.

D. On the portion of the distributive share of the net profit of a resident, individual, partner or owner of a resident unincorporated business entity attributable to East Liverpool and not levied against such unincorporated business entity.

E. On the net profits attributable to East Liverpool of all non-resident unincorporated businesses, professions or other activities, derived from work done or services performed or rendered and business or other activities conducted in the City of East Liverpool.

F. On that portion of the distributive share of the net profits of a resident individual, partner or owner of a non-resident unincorporated business entity not attributable to East Liverpool and not levied against such unincorporated business entity.

G. On the net profits of all corporations derived from work done or services performed or rendered and business or other activities conducted in the City of East Liverpool.

The portion of the entire net profits of a taxpayer to be allocated as having been made within and attributable to the City of East Liverpool, may, in the absence of actual records or separate accounting thereof, be determined as follows:

A. Multiply the entire net profit by a business allocation percentage to be determined by:

1. Ascertaining the percentage which the average value of the taxpayer's real and tangible personal property within the City during the period covered by its report bears to the average value of all the taxpayer's real and tangible personal property wherever situated during such period.

As used in the preceding paragraph, real property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight.

2. Ascertaining the percentage which the gross sales of the taxpayer within the City of East Liverpool, plus the gross credits or charges for work done and performed or services rendered in the City of East Liverpool, bears to the total gross sales wherever made, plus the total gross credits or charges for work done and performed or services rendered. "Within the City" sales shall be deemed to include:

a. All sales of tangible personal property delivered to purchasers within the City if shipped or delivered from an office, store, warehouse, factory, or place of storage, located within the City.

b. All sales of tangible personal property delivered to purchasers within the City, even though transported from a point outside the City, if the following conditions are present:

If the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within the City, and the sale is directly or indirectly the result of the taxpayer's activities within the City in soliciting or promoting sales.

c. All sales of tangible personal property shipped from an office, store, warehouse, factory or place of storage within the City to purchasers in other cities or villages, if the taxpayer is not through its own employees, regularly engaged in the solicitation or promotion of sales in such other cities or villages, or even if it is so engaged, if the sales are not directly or indirectly attributable to such activities.

Gross sales shall be considered to mean gross receipts from sales in the case of a "cash basis" taxpayer.

3. Ascertaining the percentage which the total wages, salaries, and other personal service compensation, similarly computed during such period, of employees within the City, except general executive officers, bears to the total wages, salaries, and other personal service compensation, similarly computed, during such period of all the taxpayer's employees within and without the City, except general executive officers, and

4. Adding together the percentages determined in accordance with sub-paragraphs 1, 2 and 3 above, or such of the aforesaid percentages as shall be applicable to the particular taxpayer's business, and dividing the total so obtained by the number of percentages used in deriving said total.

Provided, however, that in the event a just and equitable result cannot be obtained by the use of the factors set forth above, the City Treasurer shall have the authority to substitute factors calculated to effect a fair and proper allocation.

SECTION 3. Said tax shall be levied, collected and paid with respect to salaries, wages, commissions and other compensation earned on or after the effective date of this Ordinance and with respect to the net profit of businesses, professions and other activities earned on and after said date. Provided, however, that where the fiscal year of the businesses, professions or other activities differs from the calendar year, the tax shall be applied to that part of the net profit for the fiscal year as shall be earned on and after said effective date of this Ordinance to the close of the taxpayer's fiscal year; thereafter the taxpayer shall report on its fiscal year basis.

SECTION 4. RETURN AND PAYMENT OF TAX.

A. Each taxpayer whose earnings or profits are subject to the tax imposed by this Ordinance shall, on or before April 15, 1960, and on April 15 of each year thereafter, make and file a final return with the City Treasurer on a form obtainable from the City Treasurer, setting forth the aggregate amount of salary, wages or other compensation and net profits earned by him during the preceding year and subject to said tax, together with other pertinent information as the City Treasurer may require. Provided, however, that when the final return is made for a fiscal year or other period different from the calendar year, the return shall be made within 105 days from the end of said fiscal year or other period.

B. The return shall also show the amount of the tax imposed on such earnings and profits. The taxpayer making the said return shall, at the time of the filing thereof, pay to the City Treasurer the amount of taxes shown as due thereon. Provided, however, that where any portion of said tax shall have been paid by such taxpayer pursuant to the provisions of Section 5 and/or Section 6 of this Ordinance, credit for the amount so paid shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing said final return.

C. The return of an employer or employers showing the amount of tax deducted by said employer or employers from the salaries, wages or compensation of any employees, and paid by him or them to the City Treasurer, shall be accepted as the return required of any employee whose sole income subject to the tax of six-tenths of one per cent, is such salary, wages or compensation.

D. Upon written request of the taxpayer, the City Treasurer may extend the time for filing the annual return for a period of not more than six months or not more than thirty days beyond any extension requested of and granted by the Bureau of Internal Revenue for the filing of the Federal Income Tax Return.

SECTION 5. COLLECTION AT SOURCE.

Each employer within the City of East Liverpool who employs within the City one or more persons on a salary, wage, commission or other compensation basis, excluding exempted incomes set forth in Section 14 of this Ordinance, shall deduct at the time of the payment of such salary, wage, commission or other compensation, the tax of six-tenths of one per cent, of salaries, wages, commissions or other compensation due by the said employer to the said employee and shall make a return and pay to the City Treasurer the amount of taxes so deducted as follows:

A. For the three (3) months ending March 31st, on or before April 30th;

B. For the three (3) months ending June 30th, on or before July 31st;

C. For the three (3) months ending September 30th on or before October 31st;

D. For the three (3) months ending December 31st, on or before the following January 31st.

Said return shall be on a form prescribed by the City Auditor and furnished by the City Treasurer. Such employer, in collecting said tax, shall be deemed to hold the same as trustee for the benefit of the City of East Liverpool until payment is made by such employer to the City of East Liverpool, and any such tax collected by such employer from his employees shall, until the same is paid to the City of East Liverpool, be deemed a trust fund in the hands of such employer.

SECTION 6. DECLARATIONS.

Every taxpayer who anticipates any income which is not subject to the provisions of Section 5 hereof shall file a declaration of the estimated tax for the taxable year of 1959. Such declaration shall be filed on or before July 15, 1959, and thereafter a similar declaration shall be filed for each calendar year on or before April 15 of each ensuing year for the duration of the taxes referred to herein, by all such taxpayers.

Such declaration shall be filed upon a form prescribed by the City Auditor and furnished by the City Treasurer, which form may simply state that the figures used in making such declaration are the figures used in making the declaration of the estimate for the Federal Income Tax, provided that it is understood that such figures may be modified according to the provisions of this Ordinance so that the declaration required by this section shall set forth only such income as is taxable under the provisions of this Ordinance.

The declaration to be filed on April 15 of each year shall be accompanied by payment of at least one-fourth of the estimated annual tax, and at least a similar amount shall be paid on or before June 30th, September 30th and December 31st of such year. Provided, however, that such estimate may be amended at the time of the making of any quarterly payment, and further provided that on or before April 15 of the year following that for which declaration was filed, a final return shall be filed and any balance which may be due the City of East Liverpool shall be paid therewith. Should it appear that such taxpayer has paid more than the amount of tax to which the City of East Liverpool would be entitled, a refund of the amount so over paid shall be made, or same may be applied toward the declaration of tax due for the ensuing year.

SECTION 6-A. RECIPROCITY PROVISION. CREDIT FOR TAX PAID TO OTHER MUNICIPALITIES.

1. Notwithstanding any other provisions of this Ordinance, when a non-resident of East Liverpool is subject to the tax imposed by this Ordinance and is also subject to tax on the same income in the municipality of his residence, a credit of 50 per cent of the tax due under this Ordinance or 50 per cent of the tax due under the Ordinance of such other municipality, whichever is the lesser, shall be allowed against the tax due under this Ordinance, provided however, that such credit shall not be allowed unless such other municipality imposes on its residents a tax on the same income and reciprocal provision is made in the Ordinance of such other municipality granting to non-residents thereof a credit of not less than the percentage provided for herein against the tax levied thereby, and provided further that such reciprocal credit shall not be allowed unless such non-resident is liable and has acknowledged such liability in the municipality of his residence for any tax due after such reciprocal credit is allowed, and the municipality of his residence furnishes evidence of payment of tax therein or evidence of assignment by the taxpayer of his claim for reciprocal credit to such other municipality.

The credit allowed a non-resident under this paragraph may be assigned to the municipality of his residence and the amount of such credit paid to such other municipality in such manner as the City Treasurer of the City of East Liverpool may prescribe.

2. (a) When a resident of East Liverpool is subject to a municipal income tax in another municipality on the same income taxable under this Ordinance, a credit shall be allowed against East Liverpool income tax of the amount of net tax for which he is liable under the Ordinance of such other municipality, but such credit shall not exceed 50 per cent of the tax due hereunder.

(b) In the event an East Liverpool resident is entitled to a reciprocity credit under the Ordinance of another municipality, or is entitled to credit for taxes paid another municipality, such East Liverpool resident is required to file a return or form in such manner as the City Treasurer of the City of East Liverpool may prescribe.

Assignment of any claim for refund to which an East Liverpool resident may be entitled from another municipality shall be tentatively accepted as payment of that portion of East Liverpool income tax represented by such assignment. Provided, however, if satisfactory evidence is offered that the taxpayer is entitled to the claim covered by the assignment, such taxpayer shall not be deprived of credit therefor because of fault or neglect on the part of either municipality.

In the event such East Liverpool resident fails, neglects or refuses to file such return or form as is prescribed by the City Treasurer, he shall not be entitled to such credit and shall be considered in violation of this Ordinance for failure to file a return and make payment of taxes due hereunder.

3. Any claims for credit for income taxes paid another municipality on the same income taxable hereunder, or claim for or assignment of any refund due to the credit provided for herein, must be filed with the City Treasurer of the City of East Liverpool on or before December 31st of the year following that for which such credit is claimed, provided that, in the case such claim for reciprocity refund shall have been assigned to the municipality or residence, such municipality of residence shall file a claim for refund with the City Treasurer of the City of East Liverpool on or before January 31st following. Failure to file such claim for reciprocity credit or refund, or assignment thereof, within the time prescribed herein shall render such credit, claim for refund, or assignment null and void.

SECTION 7. ADMINISTRATION. DUTIES OF CITY AUDITOR AND CITY TREASURER.

The taxes imposed and levied pursuant to the provisions of this Ordinance, shall be administered by such deputies and clerks within the City Treasurer's Department as may be from time to time determined by the Council of the City of East Liverpool.

The City Auditor shall prescribe the form of accounts and reports to be rendered to his office, the form and method of keeping account within the income tax office. The City Auditor shall be charged with the interval audit of all accounts and returns, including the correction of the returns.

The City Treasurer shall demand, collect and receive the tax imposed by this Ordinance. The City Treasurer shall keep an accurate record showing the amount received from each taxpayer and the date of said receipt. The City Treasurer shall make a written report to Council each quarter of all monies collected hereunder during the preceding quarter.

SECTION 8. The City Treasurer, or any authorized employee, is hereby authorized to examine the books, papers and records of any employer, or of any taxpayer or person subject to the tax, for the purpose of verifying the accuracy of any return made, or, if no return was made, to ascertain the tax due. Every such employer, supposed employer, taxpayer or supposed taxpayer, is hereby directed and required to furnish to the City Treasurer, or his duly authorized agent or employee, the means, facilities and opportunity for making such examination and investigations as are hereby authorized.

The City Treasurer, or his duly authorized agent or employee, is hereby authorized to examine any person, employer or employee under oath, concerning any income which was or should have been returned for taxation, and for this purpose may compel the production of books, papers and records and the attendance of all persons before him, whether as parties or witnesses, whenever he believes such persons have knowledge of such income.

The refusal of such examination by any employer, employee or person subject or presumed to be subject to the tax shall be deemed a violation of this Ordinance.

Tax returns and all audit papers and information connected therewith are confidential and shall be carefully preserved so that they shall not be available for inspection by anyone other than the proper agents of the City of East Liverpool for official purposes.

Any information gained as the result of any returns, investigations, hearings or verifications required or authorized by this Ordinance shall be confidential, except for official purposes, and except in accordance with proper judicial order. Any person divulging such information shall, upon conviction thereof, be deemed guilty of a misdemeanor and shall be subject to a fine or penalty of not more than Five Hundred Dollars ($500.00) or imprisoned for not more than six (6) months in the city jail, or both such fine and imprisonment for such offense. In addition to the above penalties, any employee of the City of East Liverpool who violates the provisions of this section relative to disclosures of confidential information shall be immediately dismissed from the service of the City.

SECTION 9. INTEREST AND PENALTIES.

All taxes imposed by this Ordinance, including taxes withheld from wages by an employer and remaining unpaid after they have become due, shall bear interest on the amount of the unpaid tax at the rate of six per cent (6%) per annum, and the taxpayers upon whom said taxes are imposed, and the employers required by this Ordinance to deduct, withhold and pay taxes imposed by the Ordinance shall be liable, in addition thereto, to a penalty of one-half of one per cent of the amount of the unpaid tax for each month or fraction of month for the first six months of non-payment, or Five Dollars ($5.00), whichever is the greater. The City Treasurer may waive or remit any such interest or penalties as he, in his discretion, deems proper.

SECTION 10. COLLECTION OF UNPAID TAXES.

All taxes imposed and administered by this Ordinance shall be collectible together with any interest and penalties thereon, by suit, as other debts of like amount are recoverable.

When a final return is filed as prescribed in Section 4 hereof and a deficiency is determined to be due to the City of East Liverpool, action to collect the same shall not be commenced after two (2) years from the due date of said return, and when a taxpayer fails to file a return, action to collect tax due to the City of East Liverpool shall not be commenced after five (5) years from the due date of said return.

All applications for refund shall be made within six (6) months of the due date of a final return or shall be forever barred thereafter. Provided, however, an extension may be granted by the City Treasurer on written application.

SECTION 11. VIOLATIONS, PENALTIES.

Any person, firm or corporation who shall fail, neglect or refuse to make any return, questionnaire or declaration required by this Ordinance, or any taxpayer who shall refuse to pay the tax, penalties and interest imposed by this Ordinance, or any person who shall refuse to permit the City Treasurer, or any duly authorized agent or employee, to examine his books, records and papers, or who shall knowingly make any incomplete, false or fraudulent return, or who shall attempt to do anything whatever to avoid the payment of the whole or any part of the tax, shall be guilty of a misdemeanor and shall be fined not more than One Hundred Dollars ($100.00) or imprisoned for not more than sixty (60) days, or both. The failure of any employer or taxpayer to receive or procure a return, questionnaire or declaration form shall not excuse him from making a return, questionnaire or declaration or from paying the tax.

SECTION 12. ALLOCATION OF FUNDS.

The funds collected under the provisions of this Ordinance shall be disbursed as follows, to-wit:

1. Not more than forty (40) per cent of net available income tax receipts received annually shall be used to defray operating expenses of the City, including the income tax division of the Treasurer's Office.

2. The balance of net available income tax receipts received annually shall be set aside annually and be used for capital improvements for the City including, but not limited to, street improvements.

SECTION 13. This Ordinance shall not apply to any person, firm, corporation or to any property as to whom or which it is beyond the power of City Council of the City of East Liverpool to impose the tax herein provided for. If any sentence, clause, section or part of this Ordinance, or any tax against any individual or any of the several groups specified herein is found to be unconstitutional, illegal or invalid, such clause, sentence, section or part of this Ordinance shall not affect or impair any of the remaining provisions, sentences, clauses, sections or other parts of this Ordinance. It is hereby declared to be the intention of the Council of the City of East Liverpool that this Ordinance would have been adopted had such unconstitutional, illegal or invalid sentence, clause, section or part thereof not been included herein.

SECTION 14. EXEMPTIONS.

The provisions of this Ordinance shall not be construed as levying a tax upon the following:

1. Funds received from local, state or federal governments because of service in the Armed Forces of the United States by the person rendering such service, or as a result of another person rendering such service.

2. Poor relief, pensions, unemployment compensation or similar payments, including disability benefits received from private industry or local, state or federal governments, or from charitable, religious or educational organizations.

3. Alimony received.

4. Dues, contributions and similar payments received by charitable, religious, educational or literary organizations or labor unions, lodges and similar organizations.

5. Receipts from casual entertainment, amusements, sports events and health and welfare activities conducted by bona fide charitable, religious and educational organizations and associations.

6. Any association, organization, corporation, club or trust, which is exempt from federal tax or income by reason of its charitable, religious, educational, literary, scientific, etc. purposes.

7. Gains from involuntary conversions, cancellation of indebtedness, interest on federal obligations, items of income already taxed by the State of Ohio, and income of a decedent's estate during the period of administration (except such income from the operation of a business).

8. Earnings and income of all persons under 16 years of age, whether residents or non-residents.

9. Employment of duly enrolled full-time students by their school, college, university or any public library, and services performed by student nurses and hospital interns.

SECTION 15. REFUNDS.

Should it appear that any taxpayer has paid more than the amount of tax to which the City of East Liverpool is entitled under the provisions of this Ordinance, a refund of the amount so overpaid shall be made, provided a proper claim for refund of such overpayment of tax has been filed by the taxpayer.

SECTION 16. The Ordinance shall continue effective insofar as the levy of taxes is concerned until December 31, 1962, provided, however, that annual returns for the year ending December 31, 1962, shall be filed on or before April 15, 1963. Said Ordinance, insofar as the collection of taxes levied in the aforesaid period, and action or proceedings for collecting any tax so levied, or enforcing any provisions of said Ordinance are concerned, shall continue effective for such time as indicated in Section 10 hereof.

SECTION 17. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Toronto Wins To Lead Loop

By The Associated Press

The hit-happy Toronto Maple Leafs—and Archie Wilson — are wagging menacing bats in the International League.

Expected to make it a two-way battle for the pennant with defending champion Montreal, the Leafs pounded four Havana pitchers for 18 hits Friday night and an 11-7 victory over the Sugar Kings. The Leafs had 15 hits in Thursday's victory.

Wilson, who hit .274 last season, was the big man for the Leafs Friday. He was 5-for-5, including two homers, as Toronto broke it open in the late innings.

Montreal brought its record to 2-2 with a 14-hit attack and an 8-3 triumph over Miami. In other games, Buffalo defeated Columbus 4-1 and Rochester nipped Richmond 2-1.

Right-hander Dallas Green, assisted by Fred Rodriguez in the final inning, checked the Jets with five hits as the Bison broke into the win column in their home opener. Rookie Mackey Harrington provided the impetus on attack for the Bisons. He collected two hits, scored twice and drove in what proved to be the winning run.

Minus Two Stars, Montreal Favored To Wrap Up Cup

MONTREAL (AP)—The talent-loaded Montreal Canadiens—even without the services of two of their stars—are heavy choices to lick the upstart Toronto Maple Leafs tonight and win an unprecedented fourth straight Stanley Cup championship.

The Canadiens already have piled up a 3-1 advantage in the National Hockey League final playoff series.

The Canadiens have been deprived of the services of Jean Beliveau, who is out with a spinal injury. And 37-year-old Maurice (The Rocket) Richard has been practically no use, suffering from a groin injury.

Coach Punch Imlach of the Maple Leafs, who came from behind to eliminate the Boston Bruins in the semifinal, refused to concede defeat.

"With a couple of breaks, we still can win this series," he proclaimed.

Federal Grand Jury Indicts 'Flying Robber'

DAYTON, Ohio (AP) — Frank Lawrence Sprenz, the "flying bank robber," was indicted by a federal grand jury here Friday. The indictment charges the 29-year-old Sprenz with the $25,955 armed robbery of a Hamilton, Ohio, bank.

Sprenz, who is awaiting a removal hearing in a Laredo, Tex., jail, was captured Tuesday by Mexican police at Coxumel, a Yucatan island resort.

U. S. District Court officials here said he will be tried in district court in Cincinnati.

Judges Sentences 3 On Varied Charges

CINCINNATI (AP) — Donald Banks, 21, of (1329 Fairmont Ave.) Middletown, must serve a four month jail term on his guilty plea to charges of taking and cashing a $37 unemployment check. Judge John Druffel set the term in U.S. District Court Friday.

Judge Druffel also sentenced to one year terms Allen Jones, 23, Union City, Ind., and Robert Jerry Jones, 25, Winchester Ind. who pleaded guilty to bringing a stolen car from Winchester to Hamilton, Ohio, where they were arrested.

Peck To Take Oath

COLUMBUS, Ohio (AP)—Chief Justice Carl V. Weygandt will administer the oath of office next Thursday to John W. Peck, newest judge on the Ohio Supreme Court. Peck, of Glendale, a Cincinnati suburb, was named to the post this week to fill a vacancy caused by the recent death of Judge James Garfield Stewart.

Drivers under 25 years of age were involved in 27 per cent of the fatal accidents in 1958.

I don't care what your previous experience has been, whether it was selling books, magazines, pictures, brushes, coupons, or working as a truck driver, factory hand or other type or business. Experience is not necessary. We give you complete training. If you are able to open your mouth and talk to me, I will show you how easy it is to make $150 a week with this company. If you are accepted, you will join one of the oldest and largest concerns of its kind in the country. You will be backed up by millions of dollars of advertising, you will be given qualified leads to help keep you busy constantly, sent in by people asking that our representative call on them. This is a position with security for the rest of your life. Get in on the ground floor. Not a high pressure deal. You owe it to yourself to answer this ad. You have nothing to lose and everything to gain. For an interview call Canton GLENDALE 4-7025.

Toronto Wins To Lead Loop

By The Associated Press

The hit-happy Toronto Maple Leafs—and Archie Wilson — are wagging menacing bats in the International League.

Expected to make it a two-way battle for the pennant with defending champion Montreal, the Leafs pounded four Havana pitchers for 18 hits Friday night and an 11-7 victory over the Sugar Kings. The Leafs had 15 hits in Thursday's victory.

Wilson, who hit .274 last season, was the big man for the Leafs Friday. He was 5-for-5, including two homers, as Toronto broke it open in the late innings.

Montreal brought its record to 2-2 with a 14-hit attack and an 8-3 triumph over Miami. In other games, Buffalo defeated Columbus 4-1 and Rochester nipped Richmond 2-1.

Right-hander Dallas Green, assisted by Fred Rodriguez in the final inning, checked the Jets with five hits as the Bison broke into the win column in their home opener. Rookie Mackey Harrington provided the impetus on attack for the Bisons. He collected two hits, scored twice and drove in what proved to be the winning run.

Minus Two Stars, Montreal Favored To Wrap Up Cup

MONTREAL (AP)—The talent-loaded Montreal Canadiens—even without the services of two of their stars—are heavy choices to lick the upstart Toronto Maple Leafs tonight and win an unprecedented fourth straight Stanley Cup championship.

The Canadiens already have piled up a 3-1 advantage in the National Hockey League final playoff series.

The Canadiens have been deprived of the services of Jean Beliveau, who is out with a spinal injury. And 37-year-old Maurice (The Rocket) Richard has been practically no use, suffering from a groin injury.

Coach Punch Imlach of the Maple Leafs, who came from behind to eliminate the Boston Bruins in the semifinal, refused to concede defeat.

"With a couple of breaks, we still can win this series," he proclaimed.

Federal Grand Jury Indicts 'Flying Robber'

DAYTON, Ohio (AP) — Frank Lawrence Sprenz, the "flying bank robber," was indicted by a federal grand jury here Friday. The indictment charges the 29-year-old Sprenz with the $25,955 armed robbery of a Hamilton, Ohio, bank.

Sprenz, who is awaiting a removal hearing in a Laredo, Tex., jail, was captured Tuesday by Mexican police at Coxumel, a Yucatan island resort.

U. S. District Court officials here said he will be tried in district court in Cincinnati.

Judges Sentences 3 On Varied Charges

CINCINNATI (AP) — Donald Banks, 21, of (1329 Fairmont Ave.) Middletown, must serve a four month jail term on his guilty plea to charges of taking and cashing a $37 unemployment check. Judge John Druffel set the term in U.S. District Court Friday.

Judge Druffel also sentenced to one year terms Allen Jones, 23, Union City, Ind., and Robert Jerry Jones, 25, Winchester Ind. who pleaded guilty to bringing a stolen car from Winchester to Hamilton, Ohio, where they were arrested.

Peck To Take Oath

COLUMBUS, Ohio (AP)—Chief Justice Carl V. Weygandt will administer the oath of office next Thursday to John W. Peck, newest judge on the Ohio Supreme Court. Peck, of Glendale, a Cincinnati suburb, was named to the post this week to fill a vacancy caused by the recent death of Judge James Garfield Stewart.

Drivers under 25 years of age were involved in 27 per cent of the fatal accidents in 1958.

The big ads you have been seeing on the new SELECT-O-SPEED transmission for Ford have been telling you of its wonders. Well I'm telling you fellows it's the thing we have been hoping for, but never thought possible. You have 10 gears forward and 2 in reverse to select from. Shift anytime to any gear to suit the load. No stopping or grinding gears. Just hook it up and go. You also have 545 and 1000 gears on the P.T.O. plus ground level P.T.O. speed. With all these outstanding features this new Ford tractor is still priced way below anything in its competition. Come and see this tractor work the first chance you get and you'll see what I mean. Out-right sale or trade in, we promise you the best deal to be had anywhere.
